Biglerville Authorizes Construction Of \$490,000 Sewer System; Fix Rents

The Biglerville borough council, at a special meeting Wednesday evening in the Biglerville Fire Hall, adopted ordinances authorizing construction of a \$490,000 sewer system.

Construction will be done under the Biglerville Borough Authority which is now authorized to award contracts and proceed with the work. Bids for the construction were accepted in December, but awarding of contracts was withheld until final act by council.

The ordinances also fix connection fees and sewer rents and direct that property owners must connect with the new sewers as they are completed.

AWARD CONTRACTS FRIDAY
The Authority board may meet Friday to award contracts for the construction. At Wednesday night's meeting it was indicated that the borough will send the first notices for property owners to connect with the sewer in November.

Council instructed Tracy Engineers, Inc., the consulting engineers, to prepare an information booklet regarding the sewer system for distribution to residents of Biglerville. It was expected that the booklet will be available in about a month.

According to the ordinances passed Wednesday night the cost for connection to the sewer system will be \$175 for those who pay within 60 days of the issuance of the order to connect. The cost will be \$200 to those who pay later than 60 days after notice.

NO SEPTIC TANKS
The ordinances also declare it unlawful to operate a septic tank, privy, etc., 60 days after notice to connect is given.

The basic rental for the individual home will be \$78 per year, according to the ordinance which also provides for payment of that amount on the basis of \$6.50 per month. The highest annual rental will be \$156 per year, or \$13 per month for restaurants, service stations, garages and laundromats. Where offices, barber shops or beauty shops are conducted within a dwelling the rental for the shop or office will be \$39 per year or \$3.25 per month in addition to the basic \$78 per year or \$6.50 per month for the house.

Construction of the treatment plant will be completed in about nine months after the letting of contracts, council was told.

Council President George Eckrode presided at Wednesday's meeting.

LEADERSHIP SCHOOL OPENS HERE APRIL 10

Monday, April 10, was set as the date for the opening of the 1961 leadership training school to be held at the Gettysburg Church of the Brethren, it was announced today following a meeting of the school's board of directors. The sessions will close on May 15 after being held on intervening Monday evenings at 7:30 p.m.

The six courses to be offered and the instructors assigned to date were announced as follows: "Working with Nursery Children," teacher to be announced; "Teaching Juniors," Miss Ruth E. Caldwell; "How Teen-agers Look at Religion Today," the Rev. Harper, pastor of the local EUB Church; "Teaching Techniques for Adults and the Current Sunday School Lessons," the Rev. Earl K. Ziegler, Brodbeck, Pa.; "Audio Visuals and Resources in Christian Education," the Rev. Warren A. Swank, York, and "The Christian Education of Adults in the Church School," Dr. Ralph D. Heim of the Gettysburg Lutheran Theological Seminary.

MOVED TO SPRING
A registration fee of \$1.50 will be charged for the school which previously has been held in the fall. The 1960 session was held last October and November, but the 1961 school was moved to the spring.

A statement by the school's (Continued On Page 3)

LEAGUE WILL NOTE FIFTIETH ANNIVERSARY

The Gettysburg Subleague of the Woman's League of Gettysburg College will mark the 50th anniversary of its founding at the February meeting to be held next Tuesday at 2 p.m. in the Student Union lounge.

The local subleague was organized February 3, 1911. In honor of the anniversary occasion, costumes of a half century ago will be in evidence and special refreshments will be served. The collection received that afternoon will be used to make note of the anniversary celebration in one of the league's Golden Books.

Mrs. Earl Bowen, 34 E. Lincoln Ave., will be the speaker. She will present an illustrated talk on Asia, drawing for background her experiences of a two-year residence in Kabul, Afghanistan, and travels in the surrounding areas.

Members may leave small children in the nursery in charge of Delta Gamma sorority members and Mrs. Richard Mara.

The hostess committee for the meeting is headed by Mrs. Edward Nowicki and Mrs. Scott Moorhead, co-chairmen, and includes Mrs. Edgar Miller, Mrs. George R. Miller, Miss Mildred Miller, Miss Nancy Mitchell, Mrs. Carey Moore, Mrs. Albert Mumper, Mrs. John Mumper, Miss Vergie Musser, Mrs. William Musser, Mrs. Donald Myers, Mrs. Virginia Myers, Mrs. John Myers, Mrs. Arthur Nevins, Mrs. Henry Nixon, Mrs. Orville B. Orner, Mrs. Carl Oyster, Mrs. Ralph Oyster, Mrs. Donald G. Oyster, Miss Louise Parks, Mrs. Alma Parnell, Mrs. Cora M. Peters, Mrs. Paul Peterson and Mrs. Fred Pfeffer.

Mrs. Edith Davis Is Badly Burned

Mrs. Edith Davis, 76, York Springs, is in a serious condition in the Warner Hospital this afternoon suffering from second and third degree burns of the face, hands and chest. She was rushed to the hospital this morning in the York Springs ambulance.

Mrs. Davis was burned when a nylon slip she was wearing is believed to have been ignited as she stood by a coal range in the kitchen of her home about 6:30 o'clock. She apparently had gone to the kitchen to complete dressing after arising this morning.

Her son, Richard, who lives with her mother, heard her screams and found her enveloped in flames when he reached the kitchen from the second floor of the home. He beat out the flames and suffered severe burns of the hands.

Dr. William Flickinger, York Springs, was called and Mrs. Davis was rushed to Gettysburg.

R. Kluck Resigns In Bendersville

Secretary-treasurer Robert Kluck resigned that position at the monthly Bendersville borough council meeting Tuesday evening. Kluck said he had bought a house in Biglerville and planned to move there shortly.

Kenneth McKee was appointed to fill Kluck's position. Other appointments included Lloyd Bream, re-elected president; Cameron Rebarbour, vice president; Chester Odgen, fire marshal, and Bigham and Raffensperger, solicitor.

Kennedy Sends Message To Congress On Antirecession Program; Joblessness Is Up

By STERLING F. GREEN
WASHINGTON (AP) — President Kennedy today handed Congress a sweeping antirecession program built on faster federal spending, higher old age pensions and an emergency extension of unemployment pay.

Kennedy's tightly-packed 7,500-word special message brought the news that joblessness rose by 900,000 in January to a total of 5.4 million.

The President said he would submit further proposals to Congress within 75 days if business does not improve.

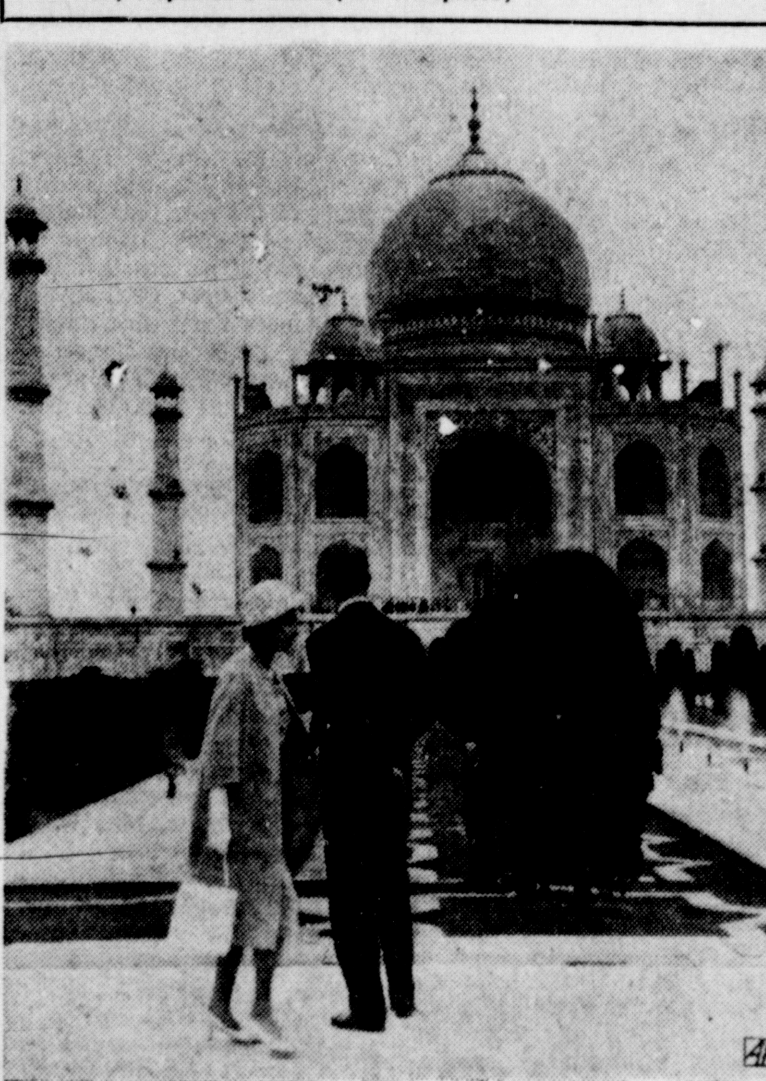

TO "RESTORE MOMENTUM"

His message spoke of the general expectation that there will be "minor improvements" in business this year. But he added "speaking out of realism, not pessimism, we cannot rule out the possibility of further deterioration if we fail to act."

Kennedy predicted his economic proposals would "abate the waste and misery" of unemployment.

Santa Maria Passengers Disembark After 12 Days Of Roaming The High Seas

NORFOLK, Va. (AP) — A Brazilian admiral told the U.S. Navy Caribbean commander the liner Santa Maria reportedly will steam back into international waters after discharging her captive passengers at Recife today.

By WILLIAM L. RYAN
RECIFE, Brazil (AP) — Their captivity ended, the passengers of the hijacked liner Santa Maria came ashore today with thanks-giving for deliverance from a nightmare at sea.

The 20,906-ton Portuguese ship steamed into Recife at noon, anchoring just off a dock. An hour later the nearly 600 passengers began loading onto tugs for the last 500 yards of a detour that had taken them virtually the distance of a trip across the United States.

For the time being at least the odyssey of the Portuguese liner was ended—12 days after she was seized 2,800 miles away in the

Caribbean, by Portuguese rebels headed by Capt. Henrique Galvao.

SHIP'S FATE UNKNOWN
The Brazilian government had not announced what was to be done about the ship after the landing of the nearly 600 passengers.

The liner moved into shore after several tense sessions of bargaining between Galvao and Brazilian authorities. The 610-foot ship sailed slowly to within 500 yards of a dock. Passengers jammed the rails, waving and shouting. Some cried with emotion at the end of their captivity.

SOME WERE PANICKY
For more than 24 hours the passengers had been within tempting sight of land—about three miles offshore—as negotiations for the landing went on. Some of the passengers had been verging on panic as rations ran short while the

CHAIRMAN FOR SCOUTS' FUND DRIVE LISTED

Committee chairmen for the annual fund drive of the Boy Scouts in the area outside Gettysburg were announced Wednesday night at a meeting of the Black Walnut Boy Scout District Committee at the engine house, E. Middle St.

Jack H. Orner, Arendtsville, general chairman for the fund campaign scheduled to start February 10, listed these chairmen for the various committees: Arendtsville, himself; Aspers, Paul W. Kuhn; Bendersville, Gerald Brough; Biglerville, Glenn W. Heckman; Bonneville, Joseph A. Orndorff; Cashtown and McKnightstown, Glenn Musselman Jr.; Heidlersburg, Mrs. Donald Lady; Hunterstown, Ray Shupe; Idaville and Gardners, Charles Kingston; Mummasburg, Joseph D. Miller; Orrtanna, Ross J. Deardorff; Fairfield, Robert A. Wills; York Springs, Carroll Slothour, and Littlestown, Albert Bair and Warren Harner.

Orner said only one community in the district has not yet been organized by selection of a chairman.

DINNER THURSDAY

The chairmen and their solicitors will be guests of the C. H. Musselman Co. at its Biglerville plant cafeteria next Thursday evening for a "kick-off dinner" preceding the opening of the drive.

Dr. W. E. Tilberg, chairman of the special gifts committee for the finance campaign, said snow has prevented his group from completing its visitations to

CORN YIELD WINS HONORS FOR GHS BOY

William Colvard, 16, a Junior at Gettysburg High School, will be one of the speakers tonight at a meeting of outstanding youthful corn growers which has been arranged by the U. S. Steel Corporation at Philadelphia.

Colvard won the honor by growing 132.41 bushels of corn, based on a 15% per cent moisture content, in a one-acre plot. Colvard resides with an uncle, Richard Cochran, Gettysburg R. 5.

The youthful farmer's outstanding production was an experiment which paid off. Planning to plant eight acres of corn as one of his projects for his agriculture course at the high school here, he decided to work 500 pounds of ammonium sulphate into one of the acres before planting. He had already put six tons of cow manure on the acre during the winter and plowed it under. In addition to working in the ammonium sulphate before planting May 20, he added 300 pounds of 0-20-20 fertilizer on the plot as he planted 14,000 plants per acre. The seven other acres had much the same treatment with the exception of the ammonium sulphate.

CHECKED OFFICIALLY

By September it was more than evident that the one acre was going to far exceed the other seven, and even before the harvest Colvard had decided that ammonium sulphate will be added in all corn land he plants next year.

COLDEST FEB. 2 IN GETTYSBURG IN 58 YEARS

Only groundhogs more than 58 years of age might be able to remember such a frosty reception as they received this morning when they made their annual winter appearance for the purpose of prognostication.

The flurry little weather prophet saw his shadow this morning, announced six more weeks of winter and promptly returned to the comforts of his underground home.

This was the coldest Groundhog Day in Gettysburg weather annals which go back 58 years.

The early morning low was 7 below zero at The Gettysburg Times weather station while WGET reported 14 below and unofficial reports from rural sections of the county went as low as -24 degrees. By 8 o'clock, the sun had climbed above an icy horizon and the temperature stood at -3 at the Times weather station.

RECORD IS 13 BELOW

It was the coldest February day here since the month's record low was set on February 28, 1934, at 13 below zero.

This was the coldest day so far this month and equaled last month's low mark set on January 22. December had a colder day. It was December 23 when the mercury sank nine degrees below zero here.

Gettysburg's all-time winter low, set on January 14, 1912, at 20 below zero stands unbeaten in more than 49 years.

Last year, although February had 10 inches of snow, the lowest thermometer reading for the month was 16 above zero.

The coldest previous February 2 on record here was in the record-smashing winter of 1918 when it was one degree below zero on this date.

COUNTY HAS 5,000 READY IN EMERGENCY

Adams County has more than 5,000 persons ready for emergencies of a military nature, according to the 1960 Pennsylvania Statistical Abstract produced by the state Department of Internal Affairs.

The record lists the county as having 77 men in 1959 in its National Guard unit and 455 men assigned to the Army Reserve, including both those on duty with the active Reserve and those listed for the inactive Reserve.

The report also shows 3,776 available through Civil Defense.

311 FOR POLICE DUTY

The state figures list 311 available for police service, which apparently includes the 126 listed by the state as "police personnel," including 13 state policemen, 18 men listed as "regular police," serving for pay in communities and townships. The rest are listed as special police, auxiliary police and fire police.

A total of 2,610 countians are listed under Civil Defense for fire service, 151 for medical and health services, 100 for rescue service, 10 for transportation service, 35 for communications and 61 others including directors, headquarters personnel, emergency welfare service, etc.

A report pertaining to firemen as of January 1, 1958, lists Adams County as having 23 companies at that date with 3,307 members of which 1,245 were active.

Other statistics listed in the abstract show the county to have two savings and loan associations

Macmillan To Visit Kennedy

WASHINGTON (AP)—President Kennedy and Britain's Prime Minister Harold Macmillan will confer—here the week of April 2.

Announcing this today, the White House said a round of informal talks is planned.

Press Secretary Pierre Salinger issued this statement: "The President has invited Prime Minister Macmillan, who is making a trip to the Federation of the West Indies, accompanied by Lady Dorothy Macmillan, to stop in Washington during the week of April 2 for informal talks."

"The prime minister has accepted the invitation."

"The President is pleased that an opportunity has presented itself to become acquainted with Mr. Macmillan and for a general discussion of world problems."

Salinger said details regarding the meeting will be announced later.

Eisenhower In His Office This Morning

The first diplomat to visit the former President since his retirement will be the ambassador extraordinary and plenipotentiary from Ecuador who will call on Mr. Eisenhower here Tuesday morning.

Former President Eisenhower visited his new "civilian" offices in the former home of the president of Gettysburg College this morning only a few hours after he returned from a hunting trip in Georgia. It was his first visit to the partially furnished offices since he inspected it before it was renovated several months ago.

The former President, his son, Lt. Col. John D. Eisenhower, and the president's secretary were at the office at 10:15 o'clock.

The former President wasted no time to start what will unquestionably be a busy civilian life for him. His world popularity and his knowledge of world affairs make him a commanding figure and his advice and comments will be widely sought.

Friday morning he plans to be at his office at 9 o'clock to begin in earnest a heavy work schedule. Later, the date has not been announced as yet, Mr. and Mrs. Eisenhower will fly to California for a vacation.

Mr. Eisenhower remained in his offices until after noon.

Former President Dwight D. Eisenhower arrived at his farm early today, ending a 10-day Georgia quail hunting vacation. He was driven here from Harrisburg immediately after his plane landed at the Harrisburg-York State Airport at 1:35 a.m.

The temperature at the airport was three degrees in contrast to the 62 degrees in Tallahassee, Fla., from where he took off

Groundhog Sees Shadow, Ducks For 6 Weeks' Cover

PUNXSUTAWNEY, Pa. (AP)—

Undaunted by sub-zero weather, Punxsutawney Phil emerged from his winter quarters, spied his shadow lying across snow-covered Gobbler's Knob and scampered back inside.

Thus, at 7:41 a.m. Eastern Standard Time, Phil, more aptly described as a groundhog or woodchuck, carried out his annual duty as a weather prognosticator. Six more weeks of winter, he said.

Phil didn't actually say it. His shadow spoke for him. For that's the legend that has existed in Punxsutawney since before the turn of the present century, 1886 to be exact, according to Sam Light, president of the Punxsutawney Groundhog Club.

17 BELOW ZERO

Phil's 1961 debut came in extremely cold but dry weather. Some thermometers said the temperature at the time of Phil's appearance was 17 degrees below zero. Phil stepped out into snow that had accumulated in the last

few days, but none was falling at the time.

Today's weather prediction was no different from what it has usually been since the talented groundhog entered the business. Failure to see his shadow would have meant the end of winter and the start of spring.

The calendar says spring is six weeks away and Phil wouldn't want to cross up the calendar makers.

OTHER CLUBS MEET

Phil's followers gathered on Gobbler's Knob shortly prior to the groundhog's appearance, confident of the tale their special forecaster would tell.

At the same time, clubs in other sections of the state and country might have been welcoming their own groundhogs, but the Punxsutawney group claims Phil was the original, the others are copies.

President Light says the local club was founded 79 years ago. Before that, he said, an informal

5 DIRECTORS ELECTED FOR LIBRARY BD.

The Adams County Free Library elected directors and voted to change its name at the annual meeting of the organization Wednesday evening at the library building on E. High St.

Renamed as directors for three-year terms were Dr. John D. Anderson, Fairfield; Donald B. Hudson, Biglerville, and Attorney H. Thomas Pyle, McSherrystown.

Newly-named as directors for three-year terms were Clark S. Smith and Roy Hammond, Gettysburg. Elected to fill the two remaining years of the term from which Miss Ann Faber resigned was Paul Wagner, New Oxford.

"PUBLIC LIBRARY" NOW

Those present for the annual meeting approved unanimously a resolution by which the library plans to change its name from the Adams County Free Library to the "Adams County Public Library." Attorney Pyle, in presenting the resolution, said the original name was given when the library was incorporated in September, 1945. Decision to change the name came after much discussion during recent months. He said the name "Free Library" was felt by many to have a connotation that the library somehow is supported by endowment, whereas the name "Public Library" indicates exactly what the library is — an institution supported by and serving the public.

While much progress was noted in the annual reports, the library still is not on a "secure financial basis," according to the same reports. President C. P. Keefer

STATE'S AUDIT FINDS FLAWS IN TWO DISTRICTS

Results of audits of the accounts of the Conewago Twp. and McSherrystown borough school districts by the state auditor general's department under the fiscal code were made available today and revealed that recommendations have been made to both school boards on the basis of findings uncovered in the audit by the office of Charles C. Smith, the state auditor general.

The Gettysburg Times received today from Martin H. Brackbill, Smith's deputy, a copy of the results of the audit which has been sent to Governor Lawrence, the state Department of Public Instruction and the local boards involved.

In the case of Conewago Twp., there is a recommendation that sections of the state school code be complied with covering transfers of balances and additional appropriations to meet budgets. The examination showed the school district had exceeded its budget totally and in particular items during the year ended July 5, 1959.

The state auditors also found that the bank where the school boards keeps its funds had not been required to furnish a bond and that entries are put in cash journals in nonpermanent form. It is recommended that entries be made in permanent form and that corrections be handled properly.

In the case of the McSherrystown district, it was found that the district's fund depository did not render monthly statements, as required by state law. When the district checkbook was examined, it was found that checks were signed in blank. That practice was disapproved.

It was explained that the state audits were made only so far as receipts and expenditures of state funds are concerned.

John F. Shuyler, 72, Dies This Morning

John Franklin Shuyler, 72, of 139 S. Washington St., died at 3:45 o'clock at the Warner Hospital this morning. He had been a resident of Gettysburg for the last 18 years and worked 17 years as a fireman for the former Victor Products Corporation.

Mr. Shuyler was born in Franklin Twp. and was a lifelong resident of this county. He was a member of the Gettysburg lodge of the Eagles and the Cashtown Fire Company.

Surviving are his widow, Louella Peterson Shuyler, and two sisters, Mrs. Bertha Sanders, Hargetstown, and Mrs. Blanche Mayers, Orrtanna.

Funeral services Saturday afternoon at 2 o'clock at the Wilson Funeral Home in Fairfield with the Rev. Harold Myers, pastor of the Foursquare Gospel Church here, officiating. Interment in Fiohn's Cemetery, McKnightstown. Friends may call at the funeral home Friday evening after 7 o'clock.

TO INSTRUCT AMBULANCE CORPS FEB. 16

Plans for an instructional period February 16 for members of the ambulance corps of the Gettysburg Fire Department were outlined Wednesday evening at a meeting of the ambulance board at the engine house.

Plans call for the instructional period, the first of a series of such meetings to be held monthly during the coming year, to be held from 7:30 to 8:30 o'clock. After the formal instruction opportunity will be given to the individual members to work on whatever phase of ambulance operation they prefer.

The plans call for a review at the first session of use of the oxygen equipment, the plastic lung and the stretchers and methods of moving patients from beds or other locations to the ambulance.

Installation of a new clutch system in the older ambulances was reported and decision was made to move the ambulance to the Swope's Atlantic Station for installation of chains in the future rather than have individual members place the chains at the engine house.

During January the ambulances made 21 trips in Gettysburg, 22 in the county and four out of the county.

Weishaar's report showed bills during the month totaled \$91.84 while donations totaled \$88.90. Some additional donations and payment for bills rendered for trips out of the county are expected to raise the "income" for January so that the month will show a profit. Weishaar said. Amounts above operating costs are placed in a special fund which eventually will purchase a new ambulance, the ambulance board hopes.

ENROLL 3 IN FIRE COMPANY

Harry Cline, Charles Gilland and Frank Odonell, all of Greenstone, were accepted as members of the Fountaineau Volunteer Fire Co. at the monthly meeting held Wednesday evening in the fire hall. President Fay Fitz presided with 28 members present.

Chief Albert Shindler announced the following appointments: Assistant chiefs, Charles Shindler and Raymond Shulley; drivers, Earl Shindler, Stanley Dingle, Archie Nagle and Raymond Shulley, and lieutenants, Richard Cline and Gerald Cuffman. George Shindler was appointed chaplain.

The treasurer's report showed the following: Balance from last year, \$1,882.23; solicitations, \$1,385.24; carnival, \$2,036.54; miscellaneous, \$292.60, for a grand total of \$5,596.61. Expenses for the year were \$3,543.21, leaving a balance of \$2,053.40.

The report for January showed expenses of \$86 and receipts of \$31.

Cases Are Added For Court Trials

A number of additional cases have been added to the trial list originally prepared by the clerk of courts for the February term of courts.

Additional cases include two burglary and larceny charges against Clarence L. Kootz Jr., Charles William Strausbaugh Jr. and Raymond Moyer, all of Breckenridge St., and a burglary and larceny charge against Kootz and Strausbaugh, in which Moyer is not implicated. The clerk's list showed the men have pleaded guilty to all of the charges.

Also added is the conspiracy to do an unlawful act charge brought against Andree Noel Amann and William Frayne Amann, Gettysburg R. 4, and Richard Francis Ross, Brooklyn, N. Y. Mrs. Amann had entered a plea of guilty to the charge.

PLAN TO SET

(Continued From Page 1)

"made rapid progress" in going over the forthcoming budget Wednesday afternoon. In connection with the budget the commissioners some weeks ago asked various department heads to submit their ideas of costs during the coming year as a guide in setting up the proposed list of expenditures.

Wednesday afternoon the commissioners also listed the dates for various elections in connection with the primary election May 16. Hours for the election will be from 8 a.m. to 9 p.m. Daylight Saving Time.

March 17 is the last day on which persons may move within the county and vote at a new district; March 27 is the last day to register, the last day to change addresses and the last day to change party affiliation. April 17 is the first day to apply for absentee ballots and May 9 is the last day absentee ballots can be obtained. May 8 is the last day on which persons who need assistance in voting may apply for such help.

This morning the commissioners were meeting at the new county home with the architect and contractors to go over the work completed so far and the work to be done before the new home is completed in the spring.

EASTERN U. S. CRIPPLED BY RECORD COLD

By THE ASSOCIATED PRESS
Deep cold records were shattered again today in the Northeast.

Officially, the coldest readings were taken in upstate New York where Camden, northwest of Utica, had 35 degrees below zero. Utica, Watertown and Oneonta had -28.

Almost as dramatic was the 4-above reading in the nation's capital—the coldest day in 18 years.

A record subzero string reached 15 days over most of the Northeast.

Pennsylvania had unofficial readings as low as -40 at St. Marys, -33 at Ridgway and -32 at Kane.

Cold extremes in the region included -26 at Pellston, Mich.; -22 at Portland, Maine; -21 at Traverse City, Mich.; -20 at Warren, Pa.; -19 at Buffalo, N.Y.; Brookville, Pa., and Franklin, Pa.; -18 at Albany, N.Y.; -17 at Phillipsburg, Pa.; -11 at Wilkes-Barre, Pa., and -10 at Rochester, N.Y.

New York City's -2 was the coldest day in 11 years.

The cold plagued coastal shipping, kept thousands of automobiles immobilized, and suspended classes in many schools.

No relief was sighted, and sections near the southern fringe of the subzero area braced for new snow.

The cellar readings were effects of an Arctic air bulge which brought freezing marks to the Carolinas, southern Kentucky, southern Missouri and the Texas Panhandle.

Freezing weather also extended into the central and southern Rockies and over the Western plateau.

The cold hobbled water transport in inland and coastal bays. Chesapeake Bay was iced to depths between 19 and 36 inches, precluding small craft operations. Lake Michigan continued to snag steamers in ice locks near the shore. Barge traffic on the Mississippi and Ohio rivers moved amid ice jams after gorge blockages were broken earlier in the week.

Southern Florida and the California desert region supplied warm contrasts. Miami's temperature range for 24 hours was 69 to 73.

PLAN RITUAL BANQUET FOR SORORITY UNIT

Plans were announced for the annual pledge ritual banquet at the January meeting of the Eta Tau Chapter of the Beta Sigma Phi Sorority on Tuesday evening at the home of Mrs. Bernard Little, W. King St. Mrs. Harold R. Hand, vice president, announced that the banquet will be held on Tuesday, February 14, at 7 p.m. in the Starlite Room at Dutterer's Restaurant. Three new members will receive the pledge ritual, Mrs. Larry E. Sheets, Mrs. Richard N. Greenholt and Miss Shirley Weikert. The ritual of jewels will also be received by Mrs. Richard Emerson. Mrs. Hand will be assisted with arrangements by Mrs. Richard D. Thomas and Mrs. Albert J. Bair.

The session was in charge of Mrs. John F. Feeser Jr., president, and opened with the ritual. Mrs. Gene R. Renner, secretary and Mrs. Emerson, treasurer, gave their reports. Mrs. Feeser read communications from international and reported on the executive board meeting of the chapter held January 3. She also announced that the Pennsylvania Beta Sigma convention will be

held on June 9, 10 and 11 in Gettysburg.

Preliminary plans were discussed for the public ball on a date to be decided in April. The theme of the ball will be "April in Paris." Tickets will be \$4 per couple. The general committee includes Mrs. Emerson, chairman, Mrs. Sheets, Mrs. Greenholt and Miss Weikert. A report on the chapter's Christmas project was given by Mrs. Emerson.

Mrs. Richard Thomas, program chairman, announced that the next regular meeting will be held on Tuesday, February 28, at 8 p.m. at the home of Mrs. Gene Renner, Carroll St. The cultural program on the theme "Voice and Vocabulary" will be in charge of Mrs. Renner.

DANCE ON SATURDAY

At the conclusion of the business the evening's cultural topic, "Love's Miracle in Marriage," was presented by Mrs. Emerson. A social with refreshments followed.

The Ladies' Auxiliary of the Fraternal Order of Eagles, Littlestown Aerie No. 2226, will hold the weekly public party on Friday starting at 8 p.m. in the social room of the FOE home.

Panhaus and the Pioneersmen will provide the music for the Eagles' membership dance on Saturday night from 9:30 to 12:30 o'clock.

Charles E. Rang, son of Mr. and Mrs. Joseph H. Rang, Littlestown R. 1, has enlisted in the Army for a period of three years. He is taking basic training at Fort Jackson, S. C.

CORN YIELD

(Continued From Page 1)

The local school went to the one-acre plot to harvest it officially so that it could be entered in competition. They found that of the 14,000 plants planted 12,446 were present October 12, and found the yield totaled 132.41 bushels per acre.

The record was entered in the U. S. Steel contest for corn production among agriculture students in the nation.

TOUR STEEL PLANT

As a result, Colvard received notification from U. S. Steel that his had been judged "one of the best examples of efficient corn production in your area" and he was invited to be the guest of the company at Philadelphia.

When George Glenn, who is his agricultural teacher at the local high school, was unable to accompany the youth as provided by the award from the steel company, Mr. Schriver, head of the agriculture department here, was chosen to accompany the youth. His uncle, Richard Cochran, also is attending the program.

The three left Gettysburg High School Wednesday afternoon and stayed overnight at the Bellevue-Stratford Hotel. Today they are accompanying the other youths honored by the steel company and their ag teachers and guests on a tour of the Fairless steel plant in the Philadelphia area. Tonight they will banquet at the Bellevue-Stratford when the local youth

will be one of the speakers. He will explain his corn growing methods along with several other youths similarly chosen for having outstanding yields.

Girl Scout News

Intermediate Girl Scout Troop 55 met at the Methodist Church Monday. Favors were made for the County Home in honor of Lincoln's birthday and the girls handed in their cookie orders. Leaders in charge were Mrs. James Slaybaugh, Mrs. Archie Strickland and Mrs. Glenn Harner.

industries and individuals during January as planned but "if we can get in three good days we ought to be able to cover our list."

Dr. Tilberg said "cash in the bank" so far totals \$380 and that those seen so far indicate they will make donations totaling "about \$1,000."

The annual campaign is designed to raise \$5,700 in the area outside Gettysburg. Gettysburg raises its share of the Boy Scout support by Community Chest.

GETS STAR RANK

Daniel Eisenhart, of Troop 75, Idaville-Gardners, was advanced to Star Scout rank following a board of review preceding the district committee meeting.

Charles Ritter, chairman of the district committee, was praised by members of the district committee for his services over he last three years and for being awarded the statuette for service to boyhood at Tuesday night's annual banquet of the York-Adams area council.

District Commissioner Crosby N. Hartzell announced further plans for judging of the Boy Scout Week window displays on February 11 starting at 1 p.m. He asked that all Cub Packs, Scout troops and Explorer posts planning window displays notify him in advance so the committee will know where to go throughout the area to view the windows. Prizes will be awarded

in each category of scouting—Cub, Boy Scout and Explorer.

EXTEND DEADLINE

Chairman Charles Ritter reported the tree planting contest deadline has been extended to February 15. He also reported that tentative plans call for the York-Adams contingent attending Philmont Ranch this summer to leave York July 21 and return August 6. Thirteen boys from the council have already signed to go, including one from Black Walnut District. Two others from the district are at the moment considering attendance. Cost of the trip will be \$165. A vote of thanks was given to the Exchange Club for providing a movie projector and screen for the district.

Advancement Chairman Donald Carver announced that in the future when units write to the York office for badges for members the names of the members must accompany the order in order to keep the advancement records of the boys intact.

Plans were announced for a work weekend February 18 and 19 at Camp Tuckahoe. Adults and older Explorers are invited to attend all or part of the work weekend.

Scout Executive Stanley C. Rogers said those attending the work weekend who wish to do carpentry work should take hammers and saws and those wishing to paint should take paint brushes.

Reports from the institutional representatives showed many activities scheduled by the individual units for Scout Week starting Monday.

TAILORING WORKSHOP

This is a cooperative venture of the YWCA and the home extension program. The classes taught by Mrs. Helen Tunison are scheduled for Thursday, February 16, March 2, 9, 16 and 23 at 1:15 p.m. at the YWCA.

The introductory meeting is especially important. Mrs. Tunison will review choice and use of pattern, fabric, interfacing, lining, preparing fabric, making pressing equipment.

Interested persons are requested to sign at the "Y" by February 10. There is no charge for this workshop.

TOUR OF STATE CAPITOL

All members and other interested persons are invited to take advantage of this opportunity. Cars will leave the "Y" promptly at 9 o'clock on Thursday, February 9. The only expense involved is a share of transportation costs and lunch at the Capitol cafeteria. Please sign at the "Y" by February 6. Reservations may be phoned stating whether per-

sons will drive or will need transportation.

DEATHS

By THE ASSOCIATED PRESS
PHILADELPHIA (AP) — Dr. Robert P. Glover, 47, internationally known heart surgeon, died Wednesday of cancer.
WASHINGTON (AP) — Perry W. Howard, 84, Mississippi's Republican national committeeman for 35 years, died Wednesday. Howard, a Negro retired from the committee last year.

Seventh Grade Y-Teens heard Mrs. Richard Guise, Wilson College graduate and mother of three sons, talk to them at the YWCA building Wednesday afternoon at 4 o'clock on "What Mothers Expect Of Baby Sitters."

Mrs. Guise described how to perform some of the basic services required of baby sitters including changing diapers, giving bottles, burping babies and disciplining children. She also gave the girls some general rules to follow as baby sitters: "Use common sense, respect the property of your employers, keep phone calls to a minimum and leave things the way you find them." Mrs. Guise's talk was the first of a series which compose a course in baby sitting for Seventh, Eighth and Ninth grade Y-Teens.

Senior Bob Berry, 26, UCLA basketball guard, is from Indianapolis.

TWENTY YEARS AGO

Favor Change In '41 For G.A.R. Conclave: A recommendation for a change in the date of the annual conventions of the Pennsylvania Department of the Grand Army of the Republic and its affiliated organizations from the week of June 15 to the week of June 22 was passed at a meeting of representatives of the convening bodies and the local convention committee on Sunday afternoon at the Hotel Gettysburg.

Decision on the change in dates rests with Albert Gabrio, Hazleton, department commander of the G. A. R. A delegation from the group that met here Sunday will meet with Mr. Gabrio on Tuesday to discuss the date change. The new date was proposed because of a conflict with the convention of another department veterans group.

British Trap Italian Troops In East Africa: British troops, speeding a campaign to drive Premier Mussolini's East African legions into the Red Sea, were reported today to have trapped "a bigish Italian force" in the Barentu zone, in Italian Eritrea.

Barentu is 40 miles south of Agordat, rail and road center, which was captured by the British Saturday.

On the home front, beset anew by German daylight raiders, London was said to be expecting 1,000 American-built bombers to be flying across the Atlantic for Britain monthly by May.

Crippled Tots To Share \$650 F.D.R. Dance Sum: More than \$235 will be available for work among crippled children in Adams county according to a preliminary financial report on the money received from the President's birthday dance held in the Hotel Gettysburg last Thursday.

500 Passengers Escape Injury As Ferries Collide: New York — Four persons were injured and more than 500 passengers were endangered today when two Central railroad of New Jersey ferries collided near their slip in the North river.

Although cabins on both vessels were stove in, passengers, warned of the impending crash, had fled from the danger areas. The surging ebb tide, officials said, twisting the ferryboat Lakewood as it nosed out of the slip for Jersey City, and at the same time caught the Boundbrook, inward, and swung them together.

Tickets Available For National Guard Dinner: The committee members in charge of the farewell dinner to be tendered Company E, 103rd Quartermaster Regiment, Gettysburg unit of the Pennsylvania National Guard, Wednesday evening, at the Hotel Gettysburg are urging those planning to attend to make their reservation. Call 200, Hotel Gettysburg, or notify any member of the committee. Tickets sell for \$1.

At the present time there are slightly more than 90 reservations, including the roster of the Guard unit and the committee is anxious to have at least 200 attend the dinner.

Rep. Van Zandt Expects America To Enter War: Johnstown — "Regardless of any of our defense efforts," Representative James E. Van Zandt says, "our American boys will be fighting side-by-side with English, Australian and French troops in northern Africa within the next year."

The Altoona republican made this assertion before the Johnstown chapter of the Veterans of Foreign Wars while discussing Aid-to-Britain bill now before congress.

"Air power will never settle this war," asserted the congressman who served in the Navy during the first World conflict and who three times was national commander of the Veterans of Foreign Wars.

Today's Talk

UNFOLD
The most natural craving of anyone is to be free—to be free to think, act and grow.

The inventors and the scientists live happy lives—for they are continually unfolding their ideas and theories. And as they do it, they reveal new wonders that come with all their inspirations and thrills.

That method of education is best which allows the child to unfold naturally and happily along lines that stimulate its own personality.

A great book enables the mind to unfold and to play in new fields. A well acted play appeals to the imagination and acts upon the mind and heart alike.

A good listener permits himself to unfold in the presence of his informer—silently.

I like to think of the fallen autumn leaves nestling under the snow of winter near to the warm heart of Mother Nature, and then think of watching the new leaves of spring unfold. And then, later, when the buds appear, and finally the exquisitely colored flower—what an unfolding!

What a soothing influence comes over us when we unfold our aims and desires, or even troubles to some friend who is able to appreciate our feelings and match his or her sympathy and cheer with ours.

But perhaps the most useful unfolding is to unfold yourself to yourself!

Do this naturally and with an earnest desire to be true to your best instincts, and you cannot help but reflect this unfolding to those who love you most.

Unfold during this New Year of 1961—and may God grant it be a happy unfolding during all the months ahead!

Tomorrow Mr. Adams will talk on the subject: "On Wasted Energy"

Just Folks

I'LL TRY
What difficulties lie his way, I like to hear a fellow say: I'll try!

Confronted by a task that's new, Perhaps a dangerous mission, too, Wherein success may be in doubt, I like to see him think it out, I like to see him try it out, I like to see him try it out, I like to see him try it out.

There's something in the boy or man Who rises himself upon this plan: I'll try!

Too many say: "I can't" before They've ever looked a problem over;

Responsibility they shirk, And seem to fear unusual work. This is the phrase of do or die: I'll try!

Would there were more young men today When duty calls to them, who's say: I'll try!

Would fear had not so strong a hold On mortals, and that more were bold; Bold in their willingness to face The tasks that are not common place—

To answer doubt with this reply: I'll try!

Mr. Paul L. Roy, Editor
Gettysburg Times
Gettysburg, Pa.
Dear Mr. Roy:

I would like to take this opportunity to thank you and your staff, Mr. Henry Roth and Mr. Hugh McIlhenny in particular, for the splendid news coverage that you gave the Kiwanis Club of Gettysburg during the past year. Without this wonderful cooperation on your part, many of our community projects would not have been a success.

Again, thank you and kindest personal regards,
Sincerely,

Buses were brought up to take passengers to the Portuguese Club where they could await arrangements for their return home. U.S. citizens in Recife threw open their homes for the 45 or so Americans aboard.

Police kept crowds back from the dock. Other spectators lined surrounding roofs.

Three cooperative agricultural associations which in 1959 had 2,601 members and sold \$1,120,000 worth of farm supplies.

The abstract showed, as of the first quarter of 1959, Adams County had 10,837 persons covered by unemployment compensation of which 39 were engaged in mining, 532 in contract construction, 6,515 in manufacturing, 545 in public utilities, 1,906 in wholesale and retail trade, 238 in finance, insurance and real estate and 820 in services.

55 Witnesses To Attend Conference

The Gettysburg congregation of Jehovah's Witnesses completed plans to attend a three-day religious conference Friday to Sunday in Memorial Hall, Newville, instead of the Strand Theater in Carlisle, as had been previously announced. Fifty-five from the Gettysburg congregation will attend the conference.

Harold Cluck, presiding minister of the congregation, said all meetings at Kingdom Hall will be cancelled from Friday to Sunday due to the convention.

The Memorial Hall will provide facilities for the more than 1,200 delegates from three states who will attend. Cluck said, "The theme of the conference is 'Be Taught by Jehovah' (John 6:45). It will provide material for suggestions, counsel and illustrations on methods of teaching the Bible from house-to-house, a ministry peculiar to Jehovah's Witnesses," he said.

The convention will open Friday at 7 p.m. with an address of welcome by J. W. Filson, district supervisor of Jehovah's Witnesses from New York. Saturday's highlight will be an ordination service for new ministers, including baptism at 1 p.m. The climax of the assembly will be a public lecture Sunday at 3 p.m. on the subject "Is God Interested in the Affairs of Men?"

"PUT SOME AWAY"

If possible, we all should put... a little bit away... so we're prepared for what's to come... on a rainy day... saving is a habit... easy to acquire... once the spark is lighted... soon will come the fire... a part of every dollar earned... should go into the bank... the process may be slow but you... will have yourself to thank... it matters not how small the coin... time will make it mount... there's nothing more assuring than... a healthy bank account... most people seek the easy way... they cannot seem to wait... but those who always hurry... end up being late... so a little bit away... that is, if you can... in this way you will never be... just an also-ran.

expressed the gratitude of the library board "and the people who use the library's facilities" to the county commissioners, the Gettysburg borough council, Community Chest, the Friends of the Library, the Junior Chamber of Commerce "and a host of others without whose support, financial and otherwise, the library could not continue to exist."

Keefer also paid tribute "to our devoted, efficient and skillful staff at the library of whom we have a right to be proud."

REVIEWS SERVICES

Mrs. Oren Wilson, librarian, reported that the library was able to expand its direct services to the county "only because groups like the Arendtsville Parent-Teacher Association and others provided the funds."

As a result of donations by the Arendtsville PTA, special book services to that community was carried on during the summer. The Upper Adams Lions provided funds for service to Biglerville. At New Oxford the Parent-Teacher Association inaugurated a reading program through the New Oxford branch library in which 100 children read 10 or more books each during the summer and made reports on the books to the committee from the PTA. One girl read 57 books, Mrs. Wilson said.

She read a letter from the chairman of the library development committee of the state urging all citizens to contact their assemblyman and state senator to support legislation now in a House committee providing additional support for public libraries in the state.

\$30 BALANCE

With funds for the library in short supply, Mrs. Wilson reported it was decided to prohibit renewals and provide a three-week loan period for each book, thus reducing expenses. The financial report shows the library ended the year with a balance of \$30 and bills of approximately \$300 still to be paid.

Dr. Frank N. Hewelson, reporting on the two-year-old Friends of the Library organization, said that it had increased its membership from 200 in 1959 to 1,700 in 1960 due to the efforts of Dr. W. E. Tilberg and his membership committee; a Friday afternoon story reading hour for children of the first three grades was set up under direction of Miss Ruth McIlhenny; under leadership of Mrs. Eric Ruckelshaus, a group of women met each week at the library to assist in mending worn books.

Income of the Friends of the Library totaled more than \$3,000 during the year, including the

membership fees, donations, \$500 raised from sale of tickets for a play at Totem Pole Theater, \$430 raised through sale of tickets to the Pittsburgh Symphony Concert and \$80 from sale of Christmas decorations.

LISTS IMPROVEMENTS

All of the income goes for support of the library. Among the projects were purchase of new books, and installation of special shelving which permitted the placing of reference books in one spot for easy use by the public. A number of other renovation programs are scheduled for the year by the Friends of the Library.

Donald Becker, chairman of the property committee, reported on renovations including the placing of a new sidewalk and curb, removal of trees in front of the library by the Junior Chamber of Commerce; renovation of the parking lot and rental of some spaces there; installation of a new furnace; placing of insulation by the Junior Chamber and placing of new exterior lights.

President Keefer held it is "most encouraging to see the growth and development of the library and there is no reason why it should not continue to grow and expand its services in future years. We do not always do things when we first see the need, but we always have been able to get it done when it became absolutely necessary. We always have found the funds somewhere. Perhaps we should not wait so long, for when we need help there is always help around the corner. The exterior of the building has reached the point where we must do something, and sand blasting is the thing we ought to do. It is not the cheapest at first, but it lasts the longest and it is in keeping with what is happening in Gettysburg, the restoring of these old buildings to their original beauty. We have over the years reduced the mortgage from about \$11,000 to about \$7,500 and that is a burden that we should seek to remove as quickly as possible. The funds needed for debt service could be used for so many other things."

ORGANIZE FRIDAY

Keefer added: "That we need a firmer financial support is evident. Each year we have to seek a new basis for support." Members of the nominating committee which reported Wednesday were Mrs. W. Richard Schubart, Mrs. Raymond Hale and Mrs. Francis Yake.

It was announced at the close of the annual membership meeting that a meeting of the board of directors will be held Friday night at 7:30 o'clock at the library to reorganize for the coming year. The annual meeting was held in a second floor room of the library while the downstairs was open for the public.

Improved Bucknell Quint Meets Bullets Here This Evening; Freshman Game

Tonight the Gettysburg College cagers (8-5) will attempt to end a three-game winning streak when they meet powerful Bucknell (9-5) here in a Middle Atlantic University Division game.

Although the Bullets downed the Bisons at Lewisburg 72-66, tonight's scrap looms as a much tougher assignment due to the vast improvement shown by Bucknell since early in the season.

Bucknell's triumphs have come at the expense of such teams as Rutgers, CUNY, Delaware (twice), Baldwin-Wallace, Colgate, Penn State, George Washington and Virginia. The Bisons were cooled off in the last few days when they lost on Saturday at VMI 101-79 and Tuesday at Pitt 79-67.

Co-captains Dick Kniffin 6-1 and Joe Steiner 6-4 have been the big threats for the Bisons. Kniffin is averaging 19.5 points per game and Steiner 22.5. Steiner ranks third in the MAC in rebounding.

Other lettermen on the Bucknell squad include Bruce Babich 5-3, Kevin Cooney 5-11, Dale Evans 6-4, Mike Fadden 6-3, Mike Kasnick 5-11, Don Lampus 6-1 and Larry Romain 6-1.

STIFF WORKOUTS

Coach Bob Hulton has worked his Bullet squad hard this week in preparation for tonight's game. He was particularly displeased with the performance last Saturday at Rutgers when the Bullets lost 69-65. A change in the starting lineup may be forthcoming.

At 6:45 the Bullet Freshmen, following a three-week layoff, tangle with the Little Bisons. Coach John Carpenter's outfit has a four-game winning streak going and is now 7-2. The Bullets lost at Lewisburg 65-52. Don Szegda leads the frosh in scoring with 112 points while Dick Hoffman has landed 99. Doug Kepner and Pat Gillen are the top rebounders with 92 and 64, respectively.

On Saturday Lehigh comes here for another MAC encounter. Gettysburg eked out a 50-48 decision at Bethlehem earlier in the season. In 45 games with Lehigh since the inception of the series, the Bullets lead 30-15.

NEW AIR FORCE MISSILE POSES FEW PROBLEMS

(Editors Note: The following story was written by Ben Price of The Associated Press Washington bureau. Price frequently writes on military affairs.)

By BEN PRICE
CAPE CANAVERAL, Fla. (AP) — Warfare is now nearly at the point where one man by the simple movement of a finger can destroy nations.

This possibility is no longer a dream. For purposes of practical consideration it became a reality at 11 a.m. Eastern Standard Time Wednesday.

At that precise moment, the Air Force touched off a slender, three-stage missile, the Minuteman, which is designed to span 6,300 miles in less time than man can shave, shower and dress.

LAUNCHING A SUCCESS

In its initial test at the missile range here, the Minuteman, trailing streams of bright flame, traveled more than 4,000 miles. For a research vehicle, the launching was undoubtedly a success.

By its very success, however, Minuteman brought the United States face to face with a question it is going to have difficulty ducking.

Does this nation want these things scattered all over the front lawn, thereby setting the United States up as a prime target for surprise attack?

WORLDWIDE REPERCUSSION

By the same token this successful leap toward the age of true push-button warfare bespeaks the beginning of a rapid shift in U.S. defense posture which may well have worldwide political and economic repercussions.

Under present Air Force plans 450 of these easily manufactured Minutemen will be buried across the northern tier of states and another 150 will be on special railroad cars by 1964. Ultimately there will be 2,000 on trains and in underground silos.

In warfare the primary objective of any armed force is the destruction of the enemy's armed force. The so-called civilian targets are secondary.

WON'T ATTACK FIRST

By placing hundreds of these missile silos in the United States, the nation suddenly finds itself in a position whereby an enemy surprise attack could knock out both military and civilian targets at the same time.

No individual statistical leads changed hands this week as teams in the Middle Atlantic Conference's university division moved back into action following a lay-off for semester examinations.

Temple's Bruce Drysdale led the Owls to a vital conference victory over La Salle. In the process the Philadelphia junior moved from third to second in individual scoring, with an average of 24 points a game, and climbed from third to second in field goal accuracy, connecting on 60.6 per cent of his shots.

St. Joseph's John Egan continues to show the way in individual scoring, after averaging 25.6 points a game in his three MAC outings.

Morris Boyer of Lafayette, a senior from Hamburg, Pa., retains the leadership in field goal percentage. The Leopard star has scored 16 of his 24 shots for a percentage of .667.

Boyer's teammate Bob Kauffman, Upper Darby, Pa., junior, has the free throw department virtually to himself with a percentage of .909 from the free throw line.

The battle for the individual rebounding title is much closer. Temple's Russ Gordon, a junior from Philadelphia, is the leader with 14.8 rebounds a game. He is followed closely by St. Joseph's Vince Kempton with 14.6 and Bucknell's Joe Steiner, a junior from Punxsutawney, Pa., with 14.2.

St. Joseph's offensive average of 83.3 points a game is tops, while Temple sports the leading defensive mark—58.8 points per contest for Owl foes.

BULLET FIGURES

Statistics on Gettysburg College players follow:

Scoring, Ron Warner, fourth, 135 for a 22.5 average; Bob Parker, 11th, 94 for a 15.7 average; field goal percentage, Warner, seventh, 48-97 for a 49.5 average; Parker, eighth, 40-81 for 49.4; foul throw percentage, Warner, sixth, 39-52 for .750.

As a team the Bullets are fifth in offense with 399 points and a 66.5 average and are sixth on defense in yielding 404 for an average of 67.3.

Japan To Reimburse Chicago For Stanka

TOKYO (AP) — Japan's commission of baseball, eager to preserve the peace with the game's high brass in the United States, today ordered the Nankai Hawks to pay the Chicago White Sox for pitcher Joe Stanka.

Commissioner Noboru Inoue declined to say what he thought the 29-year-old righthander who jumped to Japanese baseball is worth. But he said the payment should be in cash, not players.

The Japanese baseball head made no bones about his personal feelings that the Osaka team legally didn't owe the American League team a dime for the 6-foot-5 pitcher for whom the White Sox shelled out some \$30,000 in 1959 when he was purchased from Sacramento.

"I feel Nankai has no obligation to send players or make a cash payment for Stanka," Inoue said. "But relations between the two baseball circles should not be damaged by this incident."

Ford Frick, Inoue's counterpart in the United States, had declared that Stanka was still White Sox property and unless satisfaction was received, Japan tours by U.S. teams might be banned.

Bisons Click With Trio In Front Line

By THE ASSOCIATED PRESS
When the line of Dick Gamble, Larry Wilson and Wayne Hicks is clicking, there are few teams that can keep pace with the Buffalo Bisons in the American Hockey League.

The Gamble-Wilson-Hicks line was at its best Wednesday night as the Bisons downed the Providence Reds 9-4 and moved within one point of the idle third place Hershey Bears.

Gamble scored three goals and added two assists. Wilson came through with two goals and two assists and Hicks added a goal and three assists. Bill Dea also scored twice for the Bisons with Chico Maki adding the other goal.

Ed Panagabko, George Ranieri and Zello Toppazzini divided the Providence scoring.

File Appeal On Racing Decision

HARRISBURG (AP) — An appeal has been taken to the State Supreme Court from a Dauphin County Court decision upholding the constitutionality of the 1959 Harness Racing Law, permitting pari-mutuel betting at harness horse tracks.

The Lord's Day Alliance, which filed the original suit against the law, filed the appeal Wednesday. It is expected to be argued here at the May session of the court.

William P. Heuchert, executive director of the Alliance, filed the appeal.

Chairman Lawrence B. Shepard, Hanover, of the Harness Racing Commission and Joseph Lynch, executive director, declined comment on the new legal action.

The commission now is considering the applications of 13 groups for the four licenses the commission is authorized to issue for the operation of harness tracks with pari-mutuel machines.

58 PROS BREAK PAR IN FIRST ROUND OF PLAY

By JIM BACON
PALM SPRINGS, Calif. (AP) — Six pros who carded 65s and 52 others who broke par are the guys to catch today as the \$50,000 Palm Springs Desert golf classic goes into the second round of its 90-hole, five day play.

And the \$50,000 prize to the lucky winner who scores a hole-in-one is still up for grabs although Dave Marr of Houston came heart-breakingly close when his ball rolled right over the cup on the 203-yard 16th at Thunderbird.

Marr's 65, however, was good enough to land him in a mass first place tie with Ken Venturi, Dow Finsterwald, Bob Rosburg, Dr. Cary Middlecoff and Charlie Sifford, the great Los Angeles Negro pro.

Sifford also was a near miss artist. Two putts that rimmed the cup and jumped out would have given him a 63—two strokes ahead of the field.

Grouped at 66 were Bob Shields, Jay Hebert and Don White. At 67 were Art Wall, Gardner Dickinson, Henry Williams, Jr., Fred Hawkins and Johnny Pott.

Fourteen more pros shot 68 and 15 made 69. Among the latter was Arnold Palmer, defending champion.

Joe Campbell, the Knoxville pro who won last year's hole-in-one jackpot, was one of a dozen 70 shooters.

ALMOST REPEAT
Campbell disclosed that he almost repeated last year's feat on the fourth hole at Indian Wells.

Mike Souchak, always a contender, was disqualified for signing an incorrect card. His scorer put down a five when the former Duke football star actually shot a six.

Today, the 127 remaining pros switch to other courses. Of the 70—Indian Wells, Thunderbird, Bermuda Dunes and Eldorado—it was the latter course that caused most of the trouble. Many of the pros were shot in the high 70s and some in the 80s.

On Sunday, the 60 low pros descend on Tamarisk, rated even tougher than Eldorado for the fight to the finish and the \$50,000 pot.

Cherundolo Signs As Steeler Coach
PITTSBURGH (AP) — Charles (Chuck) Cherundolo has been signed as a part-time assistant coach for the Pittsburgh Steelers of the National Football League.

Cherundolo, who signed a contract Wednesday, was a star center and linebacker for the Steelers from 1941 through the 1948 season. After that, he served as an assistant coach for Pittsburgh until 1958.

In 1959, Cherundolo stepped out of football for a season, but in 1960 he came back as a part-time scout for the Steelers. Cherundolo did his college playing at Penn State and, before going to the Steelers, he played for a season with the Philadelphia Eagles.

Pirates Sign Bob Skinner To Terms

PITTSBURGH (AP) — The Pittsburgh Pirates said today that outfielder Bob Skinner has agreed to terms for the 1961 season.

He is the 14th Pirate to agree on a new contract. Terms were not disclosed.

The Pirates said doctors have blamed certain foods for an allergy that bothered Skinner last season. He has been taking shots, and the allergy has not bothered him recently, the club said.

The team added that Skinner plans working out every day until spring training with a group of professional baseball players at a ballpark in San Diego, Calif., where he resides.

Skinner, 29, batted .273 in 145 games for the world champion Pirates last season. He hit 15 home runs.

SEGREGATION EFFORTS MEET WITH SILENCE

MIAMI, Fla. (AP) — Efforts of major league baseball clubs to end racial segregation in spring training sites, just as they have on the ball field, today met with barriers of silence or politely negative replies.

At issue is the question of whether Negro players on the big league teams which train in Florida will be allowed the use of the same hotel and dining room facilities as their white teammates.

President Dan Topping of the New York Yankees took the lead in the movement after Dr. Ralph Wimbish of St. Petersburg, a Negro leader who has helped find adequate housing for Negro players there for several years, suggested it was time for the Yankees and the St. Louis Cardinals to take steps to end segregation.

ISSUE STATEMENT
In reply to Topping's proposal that the entire Yankee team should be housed under one roof, the manager and assistant manager of their headquarters hotel (Soreno) issued identical statements that "we hope to have them with us for many years to come."

The Yanks' hotel and that occupied by the Cardinals are operated as part of a big chain. Its president was not available for comment.

A Miami hotel spokesman said one team, which he refused to identify, had cancelled reservations because of a ban on Negro guests. He refused to confirm or deny a report that the Baltimore Orioles had demanded that all players be housed in the same hotel.

LITTLE CHANGE
In West Palm Beach and Sarasota, training bases for the Kansas City Athletics and Chicago White Sox, spokesmen indicated there would be little change in the practices of past years. The executive secretary of the Sarasota Chamber of Commerce, Todd Swalm, said arrangements had been made for Negro players on the White Sox to take over a first class motel.

The Athletics' hotel said no request had been received from the club.

Credits Wife With Cage Improvement
AUSTIN, Tex. (AP) — Butch Skeete, Texas' most improved basketball player this season, credits his current success to his wife, Gwen, whom he married last August.

Skeete's awakening has figured prominently in the Longhorns' surge to the top in the Southwest Conference race.

"I'm settled down now," Skeete remarked. "I was overweight last year, but now my wife is watching what I eat." Skeete is the only married player on the UT varsity roster.

Last season the 20-year-old Weimar junior was 15 pounds overweight. He started only two games for Harold Bradley's championship team.

This season he has emerged as UT's top defensive player starting all but two early season games.

The victory kept the Celtics six games in front of Philadelphia in the Eastern Division as the Warriors downed the Nationals 122-113 in the second game of a double-header at Syracuse. In the opener the St. Louis Hawks boosted their Western Division lead to 11 games with a 137-131 decision over the second-place Detroit Pistons.

Ermalee Udall:

Ready For More Circles

THE ASSOCIATED PRESS

Ermalee Udall, the slim, vivacious wife of U. S. Rep. Stewart Lee Udall, secretary of the interior, is looking forward to a return to Washington.

"Actually I don't think the new post will change our lives as much as it might seem," she says. "Having already spent several years in the Congressional circle, we're acquainted with a great many people and we're familiar with the procedures and protocol."

"The biggest difference will come, I think, in the added responsibilities to accept social invitations. Charity functions and first night events which require the appearance of cabinet members and their wives will be new for us. But I'm looking forward to it and think it'll be fun and exciting."

LARGE FAMILY

The cabinet appointment also will mean an uninterrupted school year for the Udall children who, because of the seven to eight month duration of Congressional sessions, have gone to school each year both in McLean, Va., and Tucson, Ariz. The Udalls have six youngsters — Tommy 12, Scott 11, Lynn 10, Lori 8, Denis 4, and Jamie 1½.

The 38-year-old Mrs. Udall was born in Mesa, Ariz., and met her husband-to-be at the University of Arizona. They were married six months later.

Udall, first cabinet appointee

in history from Arizona, and his wife both are members of pioneer Arizona families and both are Mormon.

Mrs. Udall had planned to finish college after her marriage but the arrival of Tommy prevented that. She has been attending night school at the American University in Washington, D. C., and may resume her studies there for a degree.

Her children also have put an end to a one-time interest in ceramics.

"The children's hobbies are my hobbies now," Mrs. Udall says. "When they change, I change."

EIGHT SEARED BY CHLORINE

NEW ROADS, La. (AP)—Eight persons, their lungs badly seared from chlorine gas which terrorized the tiny farm and lumber community of nearby Labarre, fought for their lives in a hospital Wednesday.

Whiffs of the chlorine gas, which escaped from a railway tank car derailed Tuesday, still hung in the air but the area is now considered safe.

A chemist said the ground was saturated with chlorine and it would "take a long time to wear out." The area was covered with soda ash and liquid caustic acid to neutralize the deadly green gas.

Seventeen people remain hospitalized, eight of them in "very critical condition."

The victims are likely to contract chemical pneumonia on the second day, doctors told newsmen.

The gas killed an 11-month old boy and sent about 100 people to hospitals and clinics. Scores of farm animals were killed.

TASK FORCE IS INTERESTED IN LATIN AMERICA

By BEN F. MEYER

WASHINGTON (AP) — Latin America, an area of deep concern in President Kennedy's State of the Union message, is getting immediate attention from the new administration.

For example: 1. A new, high-level agency, headed by Adolf A. Berle Jr., a Franklin D. Roosevelt brain trust, has been named to handle Latin American affairs.

2. A food for peace mission to south of the border may be named early next week and may go on tour before the end of the month.

HAVE BOARD POWERS

Three days ago, Kennedy in his message to Congress lamented Cuba's Communist leanings. He said broad action was needed to aid all Latin American nations. Late Tuesday, Berle's task force was announced. He has been at work at the State Department for several days.

The task force, according to an informed source, will have the broadest powers ever given any agency for dealing with Latin American affairs.

DEAL IN ALL MATTERS

Indications are the force will deal with economic aid and financial assistance, cultural and social matters, and apparently will have charge of U.S. activity in the Organization of American States.

On the interdepartmental force with Berle will be: Theodore Achilles, counselor of the State Department; Thomas Mann, assistant secretary of state for inter-American affairs; William Bundy, deputy assistant secretary of defense for international security affairs, and Lincoln Gordon, an economics professor at Harvard University.

Fort Rosalie in Missouri was the scene of a two-day massacre in November, 1729, when Native Indians slaughtered 144 men, 35 women and 56 children.

Letter To The Editor

Gettysburg, Penna.
January 31, 1961

Mr. Paul Roy,
Editor of Gettysburg Times,
Gettysburg, Penna.

Dear Paul:

I also think as General Paul does along the lines of a good job well done in reference to the snow removal in Gettysburg compared to other towns I also have traveled through and visited.

But I don't believe the General or the Street Cleaning Department have traveled South Street.

This street is the main entrance to the Hospital, used at least 90% of the times by out-of-town or out-of-state ambulances and visitors and most of the times by our own ambulances and townspeople.

This street is always one of the last to be cindered and should be one of the first.

Could this be called to the attention of the paper authorities through your newspaper?

Sincerely yours,

Robert M. Lewis
P.S. Yes! It's an inconvenience to me personally.

STATE SOLONS HELP TO HIKE RULES GROUP

WASHINGTON (AP) — Pennsylvania's congressional delegation has helped to pass a measure increasing the House Rules Committee from 12 to 15 members, thus paving the way for speedy movement of legislation to aid distressed areas.

All 14 of Pennsylvania's Democratic congressmen and three Republicans voted with the majority Tuesday as the House approved, 217-212, a measure to enlarge the Rules Committee. Thirteen Republicans voted against it.

FAVOR AID PLAN

The proposal breaks a coalition of conservative Southern Democrats and Republicans on the Rules Committee which, by groupings together, could bottle up legislation.

Chimp That Rode Through Space

The male chimpanzee which rode a Mercury-Redstone rocket on a flight through space on Tuesday is held by Airman 3/c 1. L. Beacham before the flight. The National Aeronautics and Space Administration, releasing this photo, did not say where or when it was made. (NASA photo via AP Wirephoto)

One of the bills believed to have been endangered by the conservative coalition was the measure providing aid to distressed areas. Now, with enlargement of the Rules Committee, liberal Democrats, theoretically, will be in control of the committee by an 8-7 margin. The liberals favor the aid to distressed areas.

The Pennsylvania delegation to a man favors aid to distressed areas but they differ on the amount of help and its distribution.

Republicans who bolted from their party leadership and supported enlarging the committee were Reps. James G. Fulton and Robert J. Corbett of Pittsburgh and William W. Scranton of Scranton.

MRS. MILLER SCORES CLARK

PHILADELPHIA (AP) — Sen. Joseph S. Clark, D-Pa., is accused of ignoring his female constituents and seeking "a paternalistic government."

Mrs. Emma Guffey Miller said Clark seeks a government which guarantees that "papa is always right."

Clark was not immediately available for comment on the statement by Mrs. Miller, state Democratic national committee woman.

He supported a rider to an equal rights amendment pending in Congress which Mrs. Miller said would nullify the amendment.

The amendment says, "Equality of rights under the law shall not be denied or abridged by the United States or any state on account of sex."

The rider states that rights or exemptions conferred on women in the future will not be impaired by the amendment.

WHITE FAMILY DEPARTS OVER SCHOOL ISSUE

NEW ORLEANS (AP) — The

John N. Thompson family, whose two sons broke a white boycott at an integrated public school, left their furnished home during the night for an undisclosed destination.

Calls at the home went unanswered and neighbors said the family departed Tuesday night carrying little or no belongings.

A man identifying himself as Thompson, 33, father of six, called station WDSU-TV Tuesday night and said the family was leaving on the first train, but gave no destination.

The two boys, Gregory, 9, and Michael, 8, entered McDonogh 10 Tuesday under the watchful but

silent protests of white parents boycotting the school.

DEFIED BOYCOTT
About 30 persons, mostly women, gathered at the school but looked on silently as the two Thompson boys entered escorted by U.S. deputy marshals. The group said nothing when the three Negro girls attending the school arrived a few minutes later.

Thompson defied the 10-week-old boycott for the first time last Friday by sending Gregory to McDonogh.

Thompson said he intended sending Michael to the school as soon as the boy got over a cold. Tuesday, Michael tagged behind his older brother into the door.

Kennedy Tells Of Moves To Spur Lagging Economy And Help Relieve Hardship

By MARVIN L. ARROWSMITH
WASHINGTON (AP) — Without waiting for Congress to act on his antirecession program, President Kennedy has moved on three fronts to spur the lagging economy and relieve hardship.

At a news conference Wednesday, Kennedy ruled out any tax cut at this time as a means of dealing with the slump. But he announced he has taken these steps designed to brighten the picture:

More than \$250 million in G.I. insurance dividends will be paid out this winter instead of spreading the payments through the year as planned originally.

LOWERS INTEREST

The maximum interest rate on FHA-insured mortgages is being cut. The reduction is from 5 1/2 per cent to 5 1/4 in a move to encourage home buying and building.

An experimental stamp plan to provide free food for the needy is being put into effect in some areas of the worst chronic unemployment. These are West Virginia, Pennsylvania, Southern Illinois, Eastern Kentucky and one other section to be specified later.

Kennedy took these actions under executive authority — in advance of sending to Congress to-day an economic recovery program which will require approval by the legislators before it can be put into effect.

REPEALS IKE'S ORDER

At his second session with newsmen since taking office, the new president volunteered these announcements at the start of the conference. He also disclosed he has repealed former President Dwight D. Eisenhower's controversial order cutting back the number of dependents living overseas with servicemen. Eisenhower issued the order in a move to reduce expenditure of dollars abroad.

Kennedy said the repeal "does not imply any weakening of our determination to protect the value of the dollar." He added, "It is the judgment of the Defense Department that other savings can be made which will be more satisfactory to us" and at the same time maintain morale in the armed forces.

LIVE ON TV

The President's news conference was carried live on nationwide television and radio, as was his first as chief executive a week ago. White House Press Secretary Pierre Salinger said the next session won't be on a live basis, but he added this format "by no means" was being abandoned altogether.

At the conference which drew 380 newsmen as compared with 418 at Kennedy's first, the predominant theme was the President's expressed conviction — stated first in his inaugural address and then in his State of the Union message — that at home and abroad things are going to get better before they get better.

But he did say that things on the home front aren't bad enough to justify a tax cut at this time in an effort to improve business conditions.

TO LOOK AGAIN LATER

Kennedy added, however, that he will take another look at the situation in two or three months and determine then "what action can be usefully taken."

As for whether he had painted a somber picture of international

Kennedy Sends

pansion of urban renewal, local public works and college housing. MORE MESSAGES COMING

3. Disclosed he shortly will send Congress tax reform proposals to spur business investment and close tax loopholes; and another message demanding permanent measures to "revise and strengthen" the unemployment compensation system—presumably by setting some form of federal standards for the states—and to extend the coverage to "several million" more workers in the retail and other trades.

4. Announced he will create a "President's Advisory Committee on Labor-Management Policy" with 21 members drawn from labor, management and the public. This body, whose chairmanship will be alternated annually between the secretary of commerce and secretary of labor, will advise on wage and price policies essential to the curbing of inflation, as well as such problems as automation and economy-crippling strikes.

5. Spelled out details of the moves announced Wednesday — cutting the interest on government-insured mortgages from 5 1/2 to 5 1/4 per cent; making early payment—within the next 30 to 60 days—of the \$25 million of veterans' life insurance dividends due in 1961; and starting pilot food stamp plans in several areas.

TRY STAMP PLAN

The use of food stamps by needy families will be tested "as rapidly as possible" in localities in six areas—West Virginia, Pennsylvania, eastern Kentucky, northern Minnesota, Southern Illinois, and the Detroit area, he said. (Wednesday, Kennedy said the food stamp plan would be tried in five areas; a sixth area was added.)

Kennedy held out the hope to veterans that they might get another insurance dividend check

MIGHT EASE TAXES

He said: "If sound insurance practices justify it, as I hope further study will show, an additional dividend will be paid this year from the substantial funds that have been accumulated."

Kennedy's promise that he would come back to Congress in 75 days "if these measures prove to be inadequate" could imply a request for a temporary income tax reduction.

His task force on economic policy, headed by Dr. Paul Samuelson of Massachusetts Institute of Technology, urged such a course if unemployment reached 7.5 per cent of the labor force.

Former Solon, 88, Dies Wednesday

HARRISBURG (AP) — William C. Bowman, 88, a former state legislator, died Wednesday in Harrisburg Hospital.

He served in the 1919 legislature, representing Cumberland County. Bowman started as a school teacher in nearby Wormleysburg and later became the first principal of Lemoyne Schools, a post he held 22 years. He also served two terms on the Lemoyne Borough Council.

Survivors include his widow and a daughter, a grandson and a great-grandson.

Services will be held in Lemoyne Saturday with burial in Camp Hill Cemetery.

legislation dealing with feed grains will go to Congress. By the end of the month legislation on the wheat surplus problem will be offered. Kennedy declined to provide any detail.

Outlook—Had he found the world situation very much worse on taking office than he had anticipated? "I think," Kennedy replied, "the situation is less satisfactory than it was last fall." As examples, he cited developments in Laos, Cuba and the Congo.

Revenue—He will ask Congress for the same new revenues the Eisenhower administration did in budgeting for the fiscal year starting July 1, Kennedy said. But he noted that Congress always has been reluctant to vote such things as the higher postal rates the old regime requested.

HOPES FOR COORDINATION

Prisoners—As for the six Americans sentenced to 30 years imprisonment in Cuba, "we are going to attempt to protect the interests of American citizens who are there." And the possibility of winning release of five Americans jailed for more than six years in Communist China is "a point of the greatest possible concern" to the new administration.

Kennedy shattered tradition by taking time to respond to a woman reporter's question after the formal end of the news conference. Put by Sarah McClendon, representing Texas and New England newspapers, the question was whether Kennedy planned any steps to assure that statements by Adlai E. Stevenson, ambassador to the United Nations, coincided with his own on Red China. The President said he hopes there will be future coordination, but added he wasn't criticizing Stevenson.

Albany, capital of New York, was named in honor of the Duke of York and Albany when New Netherlands was transferred to England. The city was chartered in 1686.

ure released today represented 6.6 per cent, after allowance for seasonal factors. This was a slight improvement from December's 6.8 per cent, and Kennedy has

stated that conditions do not now warrant tax reduction as an economic pump-primer. The message contained hints that the Federal Reserve Board

and the Treasury have reached agreement on policies to be pursued jointly to help reduce the U.S. deficit in international payments.

This is a touchy problem for a lowering of short-term borrowing rates—desirable to combat recession—tends to send capital out of the country to foreign markets

where interest rates are higher. Kennedy said he would describe the new government plans in a balance-of-payments message to Congress shortly.

"No People, No State, Nor Combination Of States Can Voluntarily Secede From The Union" Said Gov. Curtin Jan. 15, 1861

The Commonwealth's first note of a Pennsylvania who played a pivotal role in the Civil War has gone to Andrew Gregg Curtin, one of the most famous "War Governors," and the first prominent leader to set forth what became President Lincoln's antisecession policy, according to the Pennsylvania Historical and Museum Commission.

A proclamation citing Curtin, and opening the state's observance of the national Civil War Centennial January 8, has been signed by Gov. David L. Lawrence.

The January of a century ago heard Curtin declare that the Union had to be preserved "at every hazard," a phrase taken from a letter Lincoln wrote on the issue to the newly-elected governor of the Commonwealth. Later, on the 24th of the month, the state legislature under Curtin's leadership pledged the full faith and power of Pennsylvania to support the federal government in Washington.

BOTH ACTS DECISIVE

Both acts were decisive, and rang out at a time when many voices were crying appeasement, when the federal administration appeared uncertain and unable to cope with the growing insurrection, and when compromise peace maneuvers were failing despite efforts of many leaders in both the North and South.

Curtin's inaugural address, given in Harrisburg on January 15, 1861, had a crystallizing effect on the secession issue.

"Ours is a national government," he proclaimed. "It has within the sphere of its action all the attributes of sovereignty, and among these are the right and duty of self-preservation. It is based upon a compact to which all people of the United States are parties. It is the result of mutual concessions, which were made for the purpose of securing reciprocal benefits."

"PERSONAL ALLEGIANCE"

"It acts directly on the people, and they owe it a personal allegiance. No part of the people, no state, nor combination of states, can voluntarily secede from the Union nor absolve themselves from their obligations to it."

"To permit a state to withdraw at pleasure from the Union, without the consent of the rest, is to confess that our government is a failure."

"Pennsylvania can never acquiesce in such a conspiracy, nor assent to a doctrine which involves destruction of government. If the government is to exist, all the requirements of the constitution must be obeyed, and it must have power adequate to the enforcement of the supreme law of the land in every state."

"ENFORCE THE LAWS"

"It is the first duty of national authorities to stay the progress of anarchy and enforce the laws, and Pennsylvania, with a united people, will give them an honest, faithful and active support."

"The people mean to preserve the integrity of the national Union at every hazard."

This was the major text of Curtin's address that day. His efforts in support of the Union increased then as the Civil War drew nearer and finally passed the threat stage. As an accomplished orator — Curtin had been a successful trial lawyer — he is noted for inspiring large groups of volunteers to enlist. Historians credit him as being the father of the famed Pennsylvania Reserve Corps.

He took a leading part in the

Altoona conference of Union governors which proved wide support of Lincoln's Emancipation Proclamation.

STUDIED AT DICKINSON

Born in Bellefonte, Curtin was the son of an Irish forgemaster who also had faced political decisions of great personal import in his life. As a student in Paris during the French revolution, the father had been forced to flee for his life. He escaped to the coast and boarded a ship bound for America. The year of his arrival was 1793.

Governor Curtin was given the name of his mother's father, Andrew Gregg, who also was prominent in political life. He had been a member of Congress for many years, had served as a United States senator, and was secretary of state under Governor Hiester.

Governor Curtin studied at Dickinson College Law School, and was initiated into the profession in 1839.

TV WILL OFFER BUSY WEEK FOR SPECIAL SHOWS

By CYNTHIA LOWRY
AP TV-Radio Writer

NEW YORK (AP)—The television networks have scheduled a busy week for viewers who don't want to miss the special shows. Taking the listings day-by-day, there is another Jackie Gleason show on CBS tonight, and until that comedian decides just what he's going to do with his weekly half-hour, it's a show to keep an eye on (9:30-10 EST). And then there's the Polly Bergen, Carol Lawrence and Paul Whitehead in NBC's bi-weekly Telephone Hour (9-10).

OPERA REPEAT

Sunday brings a repeat of the NBC Opera Company production of Beethoven's "Fidelio" (3-5 p.m.), followed immediately on the same network with an "Omni-bus" dramatic treatment of the formative years of Abraham Lincoln (5-6).

ABC's "Close-up" Monday (10:30-11 p.m.) is a filmed report on the final testing of the first space rocket ship.

OTHER HIGHLIGHTS

NBC's Hall of Fame will do a 90-minute adaptation of Jean Anouilh's "Time Remembered" Tuesday (7:30-9 p.m.) and later (10-11) there will be a dramatic special, "String of Beads," based on a W. Somerset Maugham story, with Chester Morris and Jane Fonda.

Arlene Francis and Jack Carson star in Wednesday night's Steel Hour on CBS (10-11) and in spite of the stars, it's not a comedy.

On Thursday—regrettably overlapping—there is NBC's musical special, "Remember How Great," starring song hits of the past 30 years, Jack Benny, Andy Williams, Connie Francis and Harry James, and the debut of CBS' new 60-minute Western, "Gunslinger" (9-10).

KARACHI, Pakistan (AP)—A million excited Pakistanis threw rose petals and cheered as Queen Elizabeth II arrived Wednesday for a 16-day state visit to Pakistan.

The queen and Prince Philip flew to Karachi after a visit to India. Later they will go to Nepal.

DR. M'MURRIN IS EDUCATION COMMISSIONER

By W. B. RAGSDALE JR.
WASHINGTON (AP)—Dr. Sterling M. McMurrin, 47, a quiet, in a firm federal direction to keep the nation's schools from drifting off course, is the new U.S. commission of education.

The academic vice president at the University of Utah was appointed Tuesday by President Kennedy. He succeeds Lawrence G. Derthick in the \$20,000-a-year job.

"I believe that certain types of federal aid are both desirable and necessary for education," McMurrin says.

"I see no reason why federal aid to education must mean some kind of federal dictation to local institutions."

TAUGHT PHILOSOPHY

One of the key proposals in the Kennedy legislative program is a bill providing federal aid to education. McMurrin is almost certain to play a major part in drafting this measure.

In addition to his administrative duties, McMurrin has served as professor of philosophy at the University of Utah since 1948. Until last year, he served six years as dean of the College of Letters and Science.

McMurrin adds another Phi Beta Kappa key to the growing number in the Kennedy administration. He won membership in the national honorary scholarship fraternity while obtaining degrees at the University of Utah. He received his doctorate from the University of Southern California.

THOMAS E. PIPER
Area Marketing Agent

Subfreezing temperatures and heavy rains in growing areas have influenced the prices we will pay for certain produce items this weekend, reports Tom Piper, Penn State extension marketing agent.

Carrots, celery, green beans, salad greens, and lettuce will appear at temporarily higher prices. Tomatoes, radishes, peppers and cucumbers escaped serious damage and will continue at generally unchanged prices. Onion prices may show some increase as the result of a large export shipment to Europe.

Supplies of both old and new crop cabbage are ample, holding this item on the list of good buys in produce. Brussels sprouts and cauliflower are available but prices are moving higher. Potatoes are plentiful and quality is excellent. Temperatures as low as 30 to 40 degrees below zero halted loading operations temporarily in Maine, but not to the extent of influencing market supplies.

COLD WEATHER HURT

Cold weather has influenced the normal handling of banana shipments in favor of the consumer. Look for this item to head the list of good buys in many local food markets this weekend. Movement of Delicious and Stayman apples continues good at unchanged price levels; shipments are starting from controlled-atmosphere storages in New York. Emperor grapes prevail at unchanged prices but cold weather has caused heavy damage to the Florida strawberry crop which had just started to mature.

Grapefruit quality is very good and prices are reasonable. Small size tangerines and oranges continue on the list of good buys. Temple oranges and California Navel oranges are in peak flavor but at firm price levels.

Values at the meat counter will vary from store to store and food-shoppers should study food ads carefully when planning the menu for next week. Steaks, fresh pork roasts and poultry will be featured, but not likely all in the same store. Crab meat continues as a good buy in sea food with price levels mostly unchanged for shrimp, oysters and fresh fish.

and Robert Brown.

Rev. Amos Meyers announced Lenten services as follows: A series of six will be held in the churches of his charge, with two services in each of the churches. York Springs, February 15 and March 8, New Oxford, February 22 and March 15, and Hunters-town, March 1 and 22. The three churches are uniting for these services.

ASK \$756,000 TO FIGHT PA. DELINQUENCY

HARRISBURG (AP)—The increasing number of incidents of gang destruction require a major effort to halt these depredations and to redirect the juvenile gang members into constructive activities.

Mrs. Ruth Grigg Horting, state secretary of public welfare, used this statement Wednesday to underscore for the legislature the reason a special appropriation of \$756,000 has been sought for her department in the 1961-62 budget.

She appeared before a joint hearing of the House and Senate appropriations committees, following superintendent Charles H. Boehm of the Public Instruction Department.

A MAJOR ITEM

The committees plan to resume their hearing on the \$991 million budget Monday, with the State Revenue Department next on the schedule.

Gov. Lawrence has asked \$273,532,760 for Mrs. Horting's department in the fiscal period starting June 1.

On the juvenile delinquency problem, Mrs. Horting noted that this was a major item in her budget and a matter that deserved proper attention by the legislature.

250 SPECIALISTS

Of the \$756,000 requested, a subsidy of \$244,000 would go to cities, townships and boroughs of more than 25,000 population, she noted. This money would be used for paying the salaries of 250 quali-

fied, full-time police specialists to work with delinquents.

"Less than half of these communities have special police units with one or more full-time officers working with the young offender," Mrs. Horting told the committees. She said police officers handle an estimated 100,000 juveniles annually in the state.

Another \$324,000 would help counties contribute to the cost of qualified probation officers in the juvenile courts, she said. Standards for distributing the money would be set by the Juvenile Court Judges Commission set up under a 1959 law.

MENTAL HEALTH ITEMS

Another \$108,000 would help communities set up programs to cope with the problem of juvenile gangs, she said.

On public assistance, she estimated the number of persons receiving relief payments during the fiscal period would average 390,000 monthly, providing economic conditions improve. The average was 385,500 during the 1959-61 biennium.

Public assistance grants are the largest single item in the department budget. The administration is seeking an \$8,949,930 increase to \$120,250,000 in these payments. Mental health spending would be boosted by some \$20 million to some \$110 million in the budget.

RECORD LOW

PHILADELPHIA (AP)—Brrrr! The thermometer dropped to zero in Philadelphia at 6 a.m. today, the Weather Bureau reported. It was a record low for a Feb. 2, breaking the old mark of 2 above in 1920.

Sophomore Ron Prior is regarded as a coming swimming star as a 220-yard freestyler on the Dartmouth team.

GREENSBURG TO BE TEST MODEL FOR TELEPHONE

GREENSBURG, Pa. (AP)—The city of Greensburg has become a testing grounds for the Bell Telephone Co.'s new and revolutionary push-button telephone dialing system.

The new system, called Touch-Tone, was put into operation Wednesday in this Westmoreland County town. The only other community to have the new system so far is Findlay, Ohio.

A. D. Kyle, Bell district manager, said Touch-Tone makes use of buttons instead of the conventional wheel-like dial.

By pressing each button, two simultaneous musical tones are generated by a transistor electrical circuit, he said. The tones actuate the central office equipment and the call goes through in an average of from two to five seconds.

Under the conventional rotary-dial system, explained Kyle, a call takes from 10 to 15 seconds. Kyle said that Greensburg and Findlay were chosen as test sites because Bell Telephone feels they represent the average American city.

LAST A YEAR

He said the test, to last about a year, is aimed at determining marketing cost, technical performance and customer preference for Touch-Tone. "No definite plans for nationwide expansion of the new system will be made until it has been thoroughly tested in these two cities," he added.

Reporter Reports 433,000 Are Unemployed In Sixteen Depressed Areas Of State

EDITOR'S NOTE: "I used to be a worker, a man, a husband, a provider. I no longer am any of these things. I cannot find a job." So spoke an ex-coal miner in Johnstown, Pa., and his words reflected the poverty and hopelessness of many workers in the steel and coal industries.

Nate Polowetzky, assistant general business editor of The Associated Press, is touring the depressed labor areas. This is what he reports in his first article from the steel-coal country.

BY NATE POLOWETZKY
JOHNSTOWN, Pa. (AP)—"I cannot identify myself," the letter read, "because I no longer have an identity."

"I used to be a worker, a man, a husband, a father, a friend, a provider, a neighbor and a member of a community, to mention only a few of my former identities; but I no longer hold a claim to any of these."

"I am no longer a worker because I cannot find a job, I cannot be a husband, a father, a provider, or even a man because I cannot provide a living for my family, which is my first responsibility."

The letter, signed, "an ex-coal miner," came to the desk of the editor of the Johnstown Tribune Democrat.

FATHER OF 5 CHILDREN
"Ex-coal miner" said he was 43, married, and the father of 5 children, the youngest 9 years old.

In 1958, he wrote, "I received the final 'pink slip' from the mine where I had worked for more than 20 years. But until now, somehow, I still had hope."

"I believed that something would happen; somewhere a job would open up; sometime I would not be told, however, kindly 'Sorry. Too old. Nothing for you,' or 'All filled up.'"

He added: "I am healthy and vigorous; my body aches to do an honest day's work, but I can find nothing but an occasional odd job."

FINDS SOME OPTIMISM
The letter summed up the heartbreak and despair of thousands of the unemployed in the Johnstown area, which has been a "depressed" economic section consistently since 1953.

While there is some optimism here that things will get better in the future—a pickup in the dominant steel industry and the establishment of new industries to create jobs and diversification—the present unemployed situation is bleak.

Some 16,000 men were out of work in the two-county Johnstown area in mid-December 1960. Of these 10,300 were unemployed in the immediate Greater Johnstown area. The unemployment rate was almost 17 per cent, compared to the present nationwide figure of about 7 per cent. Some other smaller communities are in worst shape.

16 SIMILAR AREAS
And things have got worse since then as steel and mine employment — the two industries on which Johnstown previously depended for her economic health — continued to decline.

Johnstown is but one of some 16 chronic unemployment areas in Pennsylvania, where 433,000 persons, or 9.3 per cent of the work force, were out of jobs as of mid-December.

Legislation is pending before Congress to provide aid to the nation's depressed areas; to try to help them retain their unemployed and to help them attract new industries into their areas.

It is unlikely, however, that this legislation, authored by Sen. Paul H. Douglas, D-Ill., and supported by President Kennedy, in itself will completely solve the depressed areas problem.

EXPECT UNEMPLOYMENT
And even if a nationwide recovery should start—as expected by later this year—chronic unemployment probably will continue to exist in many areas.

Says Mayor Joseph Barr of Pittsburgh, in whose four-county labor market are an estimated 110,000 persons out of work, 60,000 of whom are chronically unemployed:

"Even if the steel industry returns to 100 per cent of capacity, we have reason to believe that this will not mean 100 per cent restoration of employment within the steel industry"—a sentiment echoed by spokesmen of the giant Steelworkers of America Union.

ELIMINATE SOME JOBS
As a matter of hard fact, automation and improved technological processes have permanently eliminated tens of thousands of jobs in the steel mills and will continue to eliminate more in the future while maintaining high production levels.

Steel has been hurt by the recent national business downturn; and plagued by foreign competition and loss of markets to other materials such as plastics and aluminum — although there is some argument whether these two latter factors contributed to any large unemployment.

SET HEARING ON CONVICTED SLAYER FEB. 27

BEAVER FALLS, Pa. (AP)—A Federal District Court hearing on a defense move to save convicted slayer Arthur Schuck from the electric chair is scheduled for Feb. 27 in Pittsburgh, Beaver County Dist. Atty. Richard P. Stewart says.

Stewart said Federal authorities informed him Wednesday of the hearing date. He added that he plans to oppose the move.

Schuck, 44, of Baden, Beaver County, was scheduled to be electrocuted last Monday at Rockview Penitentiary in Bellefonte.

HABEAS CORPUS
However, last Friday, Judge Rabe F. Marsh of U. S. District Court in Pittsburgh granted Schuck a stay of execution on the basis of a habeas corpus petition filed by defense attorney John V. Snee.

At the time, Snee said he was seeking all "available remedies" in the federal courts.

Schuck was convicted of killing Vincent Quigley, 34, of Economy on April 27, 1958. The state contended Schuck fired a rifle from ambush into a car occupied by Quigley; William Engle, 44, of Ambridge, and Quigley's fiancée, Angelina Pugliano. Quigley and Engle were killed and Miss Pugliano was wounded.

MISTAKEN IDENTITY
The state claimed the shooting

In mining, some mines have become exhausted or are too "high cost" to operate, creating pockets of chronic unemployment. Automation has made such headway in the mines that over-all production can be increased without hiring any of the present unemployed men.

Adding to the unemployment picture in Pennsylvania is the decline in railroadings as a result of the depression in steel and mining.

DIVERSIFICATION
But throughout the depressed Pennsylvania areas there is a growing awareness that communities can no longer depend on a single industry—or two—for their economic health.

"Diversification" has become the new motto.

Some communities — Scranton, Ellwood City, Altoona, Canonsburg, Meadville, are examples — have succeeded in attracting new industries through self-improvement campaigns, revising their tax structures and through local and state industrial development plans.

BILLS FOR SCHOOLS

HARRISBURG (AP)—Bills appropriating more than \$2 million for two institutions in Delaware County were introduced in the House Wednesday by four county Republicans.

An appropriation of \$1,778,560 would be made to the Elwyn Training School and \$495,122 to the Glen Mills Schools.

Sponsors are Reps. E. E. Lipencott 3rd, D. Barry Gibbons, Joseph Isaacs and Clyde R. Denlinger.

3 Killed In Traffic Mishaps Wednesday

PHILADELPHIA (AP)—Traffic accidents in the Philadelphia area Wednesday night killed three persons.

A tank truck carrying 6,000 gallons of gasoline jackknifed on the Schuylkill Expressway and flipped over a 30-foot embankment, killing the driver, Edward Courts Jr., of Blue Bell.

Mrs. Mae Zappa, 48, of Philadelphia, was killed by a bus in the city.

A tractor-trailer-car collision on Route 30 in Paoli proved fatal to Dorothy Lynn Burnley, 19, of Chester Springs.

Add sliced unpared apple to sauerkraut along with brown sugar and simmer until apples disintegrate. Good with ham, smoked tongue or frankfurters.

Senate To Hold One Night Session

HARRISBURG (AP)—The Senate has scheduled a night session next Tuesday to give final consideration to Gov. Lawrence's \$180 million House - passed revenue package.

"A night session on such things as these tax bills is a very, very objectionable thing," declared Sen. James S. Berger, Republican floor leader, Wednesday in opposing the schedule. The plan was approved, however, 23-20.

Berger contended that consideration of the controversial measures and other business would run the session late into the night. He said it would be better to meet Monday, as usual, and get some of the matters out of the way.

But Sen. Charles R. Weiner, Democratic floor leader, said he wanted to delay consideration of the 20-bill package until Tuesday.

"Everybody ought to be here and Tuesday is the first time we can get everyone here," he said. "We can't pass any measure unless we have the votes to do so."

Weiner noted Democrats have been accused of "railroading" the revenue package through the legislature and commented that the schedule would delay final passage of the measures by one day.

Kennedy Is Told To Build On Existing Farm Programs

By EDWIN G. HAAKINSON
WASHINGTON (AP) — Democrats and Republicans who steered farm legislation in Congress in recent years had this advice today for the Kennedy administration: Build on existing farm programs.

The legislators saw little chance in Congress for any drastic farm proposals.

The advice comes before the new administration gets down to drafting the farm proposals President Kennedy will submit to Congress within the next two weeks.

A three-member task force committee on "the key elements of the agricultural situation" handed the new administration its farm program recommendations Tuesday. They came closer, in some respects, to meeting promises of

the Republicans rather than of the Democrats in the 1960 campaign.

OPPOSE SUPPORTS' HIKE

The committee opposed increases in price supports for major commodities and expressed the view that farmers would be unlikely to support rigid farm production control measures.

Kennedy's campaign farm program and the Democratic platform favored higher price supports and measures to control farm production and to halt surplus output.

On Capitol Hill Wednesday, Sen. Allen J. Ellender, D-La., chairman of the Senate agriculture committee, said: "With the possible exception of wheat and its surpluses, I think the best chances are to improve and continue our existing

COLD STIFLES NEW ENGLAND; RIVER CHOKED

By THE ASSOCIATED PRESS
The Hudson River was choked with ice today and New York, Maine, Massachusetts and most of New England was stifled with bitter subzero temperatures which made Feb. 1 look like the last 13 days of January.

As New England entered its 14th day encircled by an arctic air mass, Boston notched its coldest morning since Feb. 9, 1959, with a pre-dawn 2 above. Most New England readings ranged from 20 degrees to 30 degrees below zero. It was 22 below zero at Caribou, Maine, when Juneau, Alaska, recorded 23 above, and Fairbanks, Alaska, posted a minus 20.

ICE CHOKES STEAMER

Thermal, Calif., had a reading of 79 Tuesday and Yuma, Ariz., recorded 78, compared with an early morning 23 degrees below zero at Lebanon, N.H. and 17 below at International Falls, Minn.

Ice was threatening to interrupt steamer connections with the summer resort island of Nantucket, 15 miles off Cape Cod today. The steamer Nantucket couldn't get through the floes Tuesday, so Nantucket mail was sent by air from Martha's Vineyard Island.

The 14th consecutive day of below zero temperatures at Portland, Maine, broke a record of 13 straight set in 1948. It was minus

DOUBTS NEW BILL

In the House, Rep. Charles B. Boevey of Iowa, senior Republican on the House Agriculture Committee, said he doubted that Congress would pass a general farm bill this year.

Another veteran farm legislator, Sen. George D. Aiken, R-Vt., questioned the alarm of some persons over the surpluses of food and farm products in this country.

"If (Soviet Premier) Nikita Khrushchev could match our farm production he would feel he was on top of the world," Aiken said.

Members of the task force were Lauren K. Soth, editorial page editor of the Des Moines Register and Tribune; J. Norman Efferson, dean of the College of Agriculture of Louisiana State University; and Jesse W. Tapp, vice president of the Bank of America at San Francisco.

Four Questioned In Narcotics Raid

HARRISBURG (AP) — A series of raids on the narcotic traffic in the Philadelphia-New Jersey area was carried out early Wednesday, state narcotics officials reported.

Donald F. Walter, state narcotics investigation supervisor, said his bureau's own field men, state troopers of Norristown and two Montgomery County detectives took part in the action.

Walter said two musicians were taken to Norristown for questioning, and he understood two other persons were in custody.

Walter said that James Cadamone, 23, was arrested in Yermes and relieved of a small amount of heroin and about two pounds of marihuana. Walter identified the other man only as Joseph Ferreri, 20, who was taken into custody at Norristown.

STRIKE CURBS DELIVERY OF N. Y. PAPERS

NEW YORK (AP) — A strike of deliverymen against wholesalers curtailed delivery Wednesday of the city's six morning newspapers.

The walkout was called by about 1,700 truck drivers of the Newspaper and Mail Deliverers Union against 35 wholesalers who deliver papers in the New York, Connecticut-New Jersey area.

Papers hit immediately were the Times, Herald Tribune, News, Mirror, Wall Street Journal, Journal of Commerce and several foreign dailies.

12 at Portland, on Wednesday but the state's lowest reading was -25 at Houlton.

SEE NO RELIEF

Newport, Vt., had an early morning recording of -20, and the Weather Bureau saw no relief in sight for New England, except for a rise into the teens during the day in the southern sector. Northern New England was due to shiver in temperatures at least 10 below.

In New York, the cold was accompanied by stinging winds. Saranac Lake airport's thermometer stood at -39, while an unofficial 45 below was recorded at a radio station in Bloomingdale, just north of Saranac Lake. Many other -30 degree readings were noted in the Adirondacks.

Deliveries as reported by the papers ranged from "pretty well" to "bad" in the suburban sections. Drivers employed directly by newspapers were not involved in the walkout. They handle a large part of the delivery work inside the city.

Wholesalers do most of the de-

livering outside the city, however. All of the afternoon papers involved in the strike, meanwhile, went ahead with publishing plans and said they hoped to get papers to most areas.

The afternoon papers are the Post, World-Telegram and Sun, Journal-American, Long Island

Press and Long Island Star-Journal.

The strike started at midnight when the old contract between the union and wholesalers expired. A strike vote was taken some two weeks ago.

Negotiations continued all night and then recessed at 8 a.m. until

4 p.m.

Deliverymen now get about \$115 weekly, with day men working a 40-hour week and night men 37 hours. The union wants a 35-hour week for all workers.

Penn State is playing its 74th season of football.

COLDS CAN BE COMMON AND UNCOMMON

By HAL BOYLE

NEW YORK (AP)—The chances are better than even that if you live in a city and work in an office, you have had a cold this winter—and perhaps have one right now.

There are two types of cold: The common cold. This is the kind everyone else gets.

The uncommon cold. This is the kind you get.

PURE HUMAN DRAMA

Few hospitals, however, can match in pure human drama the antics of the creatures in the office zoo when the sneezing season gets under way. Here are a few familiar victims you can probably spot in your own firm:

The panic button pusher—At the first sign of a sniffle, he screams, "It's probably another flu epidemic like the one in 1918. I think the Russians are spreading it secretly." He tries to get everyone to sign a petition demanding that the whole place be disinfected.

Camille at the typewriter—The pretty secretary figures that if she can make her cough sound properly hollow and racking, the boss will give her the day off—which will give her a chance to see an afternoon movie, or catch up on her shopping.

THE BRAGGART

The braggart—"You got a little cold?" he says. "What are you complaining about? I've got sinus trouble, gripe, bronchitis and swollen tonsils—to say nothing about my ulcers. They're kicking up again, too."

The hypochondriac—Whenever any one in the office comes in with a new cold, he gets a new one, too.

The indignant moralist—"If half the money this country spends on tobacco was spent on scientific research, they could lick the problem of the common cold in a year," he yells, then adds as an after thought, "By the way, could you lend me a cigarette? I'm fresh out."

THE KIND TO GET

The fatalist—"What's the use of buying medicine?" he growls. He makes out his will—and waits to see if he'll die or get better.

The glutton—"Feed a cold and starve a fever" is his motto.

The hairy-chested chirper—"It's all in the imagination," he growls. "I never had a cold in my life." Then word spreads that he must be a virus carrier, and behind his back everyone call him "Typhoid Harry."

The boss—The thoughtful company physician taps him on the chest and says, "Chief, it might be just a simple cold, but it could turn into a case of walking pneumonia. I think you'd better take a month off in Florida—and maybe I'd better go along to check you. We wouldn't want this to get any worse, would we?"

That's the kind of common cold to get—if you can afford it.

JFK WORRIED OVER OUTLOOK ON CONGO ILLS

By JOHN M. HIGHTOWER

WASHINGTON (AP)—Kennedy administration officials were reported deeply worried today about a possible breakdown of United Nations peace efforts in the Congo and the development of a dangerous new East-West crisis there.

The threatening emergency in Africa is one of those President Kennedy evidently had in mind Wednesday when he told his news conference, in discussing U.S. military strength in relation to world problems, that "the situation grows more serious."

Kennedy said, "The Chinese Communist strength increases, the intervention by the Communists in these critical areas which I mentioned has grown greater, and therefore we have to consider whether in the light of this conditional threat, the strength we now have, not only our nuclear deterrent but also our capacity for limited war, is sufficient."

SOURCE OF WORRY

The critical areas Kennedy mentioned were Laos, Cuba and the Congo. The Communist bloc has been furnishing arms to Cuba, and the United States has charged the Soviet Union with airlifting arms to pro-Communist rebel forces in Laos.

In recent days there have been persistent reports from the Congo that the Soviet Union and the United Arab Republic were delivering arms to forces backing imprisoned former Premier Patrice Lumumba against the shaky government of Premier Joseph Kasavubu.

These reports are a main source of apprehension here that the Congo civil conflict could quickly develop into an East-West struggle similar to that in Laos. Such a development would confront the United States and its allies with a decision whether to intervene directly on the side of the Kasavubu government.

Democrats May Have Trouble Passing Bills In Assembly

HARRISBURG (AP) — Senate Republicans have prepared amendments which could delay final passage of Gov. Lawrence's \$180 million revenue package.

But Sen. Charles R. Weiner, Democratic floor leader, said "we intend to advance the revenue program if we can."

He said he hoped to have the revenue package, which includes a boost in the gasoline tax from 5 to 7 cents, up for final action next Tuesday.

Democrats hopes for final passage of the revenue program this week faded Tuesday and posed a question whether it could be approved next week.

There were signs the Democrats—evenly divided with Republicans, 25-25—were having trouble mustering the required 26-vote constitutional majority required to give final approval to the House-passed legislation.

Sen. John J. Haluska, D-Cambria, indicated he had some strong reservations about supporting the revenue package. A Republican senator, Z. H. Confair, Lycoming, said he would help pass the two-cent-a-gallon gas tax boost, then left Harrisburg for New Orleans.

Haluska said he would hold his own hearings Thursday, Friday Saturday in Johnstown to decide his position on the revenue program.

"I want to see what Cambria County will get out of it," the senator said.

"Unless the administration has a program for Cambria County that gives us major highway construction and improvements and employment, I can't see my way clear to support any new tax," he added.

LITTLE INTERESTED

Haluska said none of the present interstate highway plans outlined by the Highways Department touch Cambria County, and added:

"I am little interested in interstate highways that go elsewhere."

He said he would like to see U. S. 219, between Somerset and DuBois — passing through Cambria County—improved substantially.

"We also want to look into some of these other tax changes — insurance companies and federal savings and loan firms," he said.

At a hearing Tuesday night the joint appropriations committee examined the proposed budget of the Commerce Department. It is seeking a state allocation of \$16,401,600—including \$8 million for industrial development.

In other legislative action Tuesday:

Fair Housing—The Senate unanimously amended the legislation to give the Fair Employment

Practices Commission (FEPC) authority to hold hearings on discrimination complaints before seeking court action. As originally written the commission would have referred all complaints directly to the courts for action.

Bond Laws — The House approved a package of five bills that would allow the Commonwealth to purchase Tennessee Valley Authority bonds.

SAME RIGHT

The bills also extend the same right to insurance companies and banks.

Rep. Willard F. Agnew Jr., Allegheny, GOP floor leader, objected to the measures on grounds they would encourage state firms to locate in the TVA region because of cheaper power rates available from the government-operated utility.

In floor debate, Rep. Herbert Fineman, D-Philadelphia, said Agnew's idea was "somewhat far-fetched."

Conflict-of-Interest — The House received an administration-backed proposal preventing state employees from embarking on outside activities that could affect the state.

BAN LOBBYING

The bill would ban lobbying by state employees; prevent them from selling products to the state and set up a two-year deadline on dealing directly with the state after termination of employment.

Sunday Liquor—By a vote of 25-21, the Senate defeated a motion made by Sen. Robert D. Fleming, R-Allegheny, to send back to committee a bill that would affect Sunday liquor sales in Pittsburgh and Philadelphia.

The proposal was moved into position for final Senate passage next week.

Fleming contended the measure—which would reduce the number of names needed for a referendum on limited Sunday sales in hotels in the two cities—would open the door to public liquor sales on Sunday in all parts of the Commonwealth.

MILAN (AP) — Nine persons were feared drowned Tuesday and 36 were injured when a commuter bus bringing workers to their jobs in Milan plunged into nine feet of water in a roadside canal.

By noon six bodies had been recovered, some of them swept along for three miles by the swift waters of the canal.

LONDON (AP)—Moscow radio broadcast to listeners in the Soviet Union Wednesday, without comment, an Associated Press report of the space flight by the chimpanzee astronaut "Ham" from Cape Canaveral.

4 QUIZZED IN \$31,000 LOOT JFK'S SISTER

NEW YORK (AP)—Three men and a woman, arrested Sunday night, have been questioned about the burglary in early January of a hotel suite occupied by actor Peter Lawford and his wife, a sister of President Kennedy, Chief

of Detectives James J. Walsh said today.

Police have been reluctant to discuss the burglary, in which \$30,000 in gems and \$1,000 in cash were reported missing.

Walsh said the four persons—all Canadians—had been questioned.

Deputy Police Commissioner Walter Arm, department press representative, turned aside all queries.

Walsh said the four questioned about the theft were booked on grand larceny charges.

They were arraigned in felony

court Monday morning, but disposition of the cases was not immediately known.

The four arrested were listed as:

William Livingston, 33, of Quebec, a salesman.

David Ramsay, 33, same address, a lumber grader.

Ronald Spears, 30, of Montreal, a salesman.

Rosalind Wade, 23, of Montreal, a bookkeeper.

Walsh said the four were booked in connection with the theft Saturday of a lady's suit from a Fifth Avenue shop.

TOKYO (AP)—Police reported Wednesday an atomic scientist has been missing from the Japan Atomic Energy Research Institute since Jan. 7.

He is Osamu Tsukamoto, 29, chief operator of an atomic reactor at the institute in Tokai village. Authorities said his work did not involve handling secret or confidential material.

Police said the missing man left a note to a colleague saying he had been called away on urgent private business.

CHURCHWOMEN
HOLD ELECTION

Mrs. Paul C. Mayers was elected president of the Abigail Kammmerer Circle of the United Lutheran Church Women of St. Paul's Lutheran Church held on Tuesday evening at the church. Others elected were Mrs. George Schaefer, vice president; Mrs. Milton Harner, secretary; Mrs. Leo Kuhn, assistant secretary; Mrs. L. Robert Snyder, treasurer.

The retiring president, Mrs. Clinton O. Sontz, presided. The circle appointed committees to take care of the communion cups and altar cloths for the coming months. Mrs. Fred F. Blocher, leader for the evening, presented the topic "Let All the Nations Praise Thee." The guess package, given by Mrs. Kuhn, was received by Mrs. Blocher. The session concluded with the missionary benediction in unison. Refreshments were served by Mrs. Sontz.

The next meeting of the missionary group on Tuesday, February 28, at the church when Mrs. Sontz will be program leader and Mrs. Blocher will be hostess.

HOP ON SATURDAY

A Buddy Deane record hop will be held in the Littlestown High School auditorium on Saturday evening from 8 to 11 o'clock under the sponsorship of the Varsity "L" Club of the high school.

Mrs. H. Allen Walker was program leader at the meeting of the

Ladies' Aid Society of St. James' United Church of Christ along the Harney Rd., on Tuesday evening at the church. There was group singing accompanied by Miss Marian Fissel. Readings were given by the members in attendance. The guess package, given by Mrs. Clyde Dietrich, was received by Mrs. Wilbur Danner. Plans were not announced for the next meeting. During the social hour refreshments were served by Mrs. Walker, Mrs. Danner and Mrs. William Moon.

Prizes will be awarded and refreshments will be available at the weekly public party in St. Aloysius Catholic Hall at 8 p.m. on Saturday.

TROOP ELECTS

Election of officers took place at a meeting of Girl Scout Troop 45 on Wednesday after school in the engine house. Results of the election follow: President, Barbara Muller; vice president, Martha Ritter; secretary, Carolyn Kump; treasurer, Carol Flickinger. The girls made puppets and entertained with them as follows: "Sleeping Beauty," Carolyn Kump, Martha Ritter and Linda Keefer; "Little Red Riding Hood," Barbara Pittenfurt, Linda Smith and Carol Flickinger; "The Spindle, the Shuttle and the Needle," Barbara Muller, Judy Knight and Peggy Altoff; Mrs. John H. Flickinger and Mrs. John Kump, leaders, received orders for Girl Scout cookies and announced that Friday noon is the deadline for them to receive orders. Troop 45 will meet again on Ash Wednesday, February 15, at 3:45 p.m. at the engine house.

The Tuck-a-Batch Class of St. John's Lutheran Church held its

organization existed.

"All other groundhog clubs are Johnny - come - latelies," Light maintains. Digging back further than the Punxsutawney prognosticators, some sources said that the idea of making long-range weather predictions on Feb. 2 was first heard of by Roman soldiers during their occupation of Britain.

ANNUAL BANQUET

Light says German settlers apparently picked up the custom of the groundhog day celebration from their ancestors and brought it to this country.

After Phil withdrew into his warm quarters, his followers descended from the knob and headed for the annual banquet that accompanies the forecast and the warm fires that will make the next six weeks a little easier to take.

monthly meeting on Tuesday evening at the home of Mrs. William J. Lippy, Littlestown, R. 1. The vice president, Mrs. Lippy, presided and read the scripture. There was group singing and sentence prayers were opened by Mrs. Paul E. King and closed by Mrs. Malcolm E. Hess. Mrs. William H. Renner was welcomed as a new member. Mrs. Jerre Hollinger, secretary, gave her report. The guess package, contributed by Mrs. Blanche Shadle, was received by Mrs. Walter Yingling. Group contests were enjoyed in charge of Mrs. Shadle and Mrs. Joseph Selby. Refreshments were served during the social hour by Mrs. Lippy. The next meeting of the class will be held Tuesday, February 28, at the home of Mrs. Paul King, Littlestown R. 1.

Dr. Roger G. Cooley, of Hoosick, N. Y., who has been elected president of Penn Hall Junior College and Preparatory School, Chambersburg, to succeed Dr. Clair G. Frantz who has resigned. He will take office July 1.
